Is this satin?
It feels great.

It's so much
classier than I was
expecting.

Is this hand
embroidery?

I told
you it was worth
springing for
personalization.

Members of a very, very exclusive
club for people who like to punch
each other *very, very* hard.

**DANNY RAND,
IRON FIST.**
Keeps getting
dragged to these
Punch Club meetings.

**LUKE CAGE,
MAYOR OF NEW YORK.**
Wanted to be too cool for a jacket.
Isn't.

Satin is just
impractical.

Is this a
fight club or a
fashion show? What
are we waiting
for?

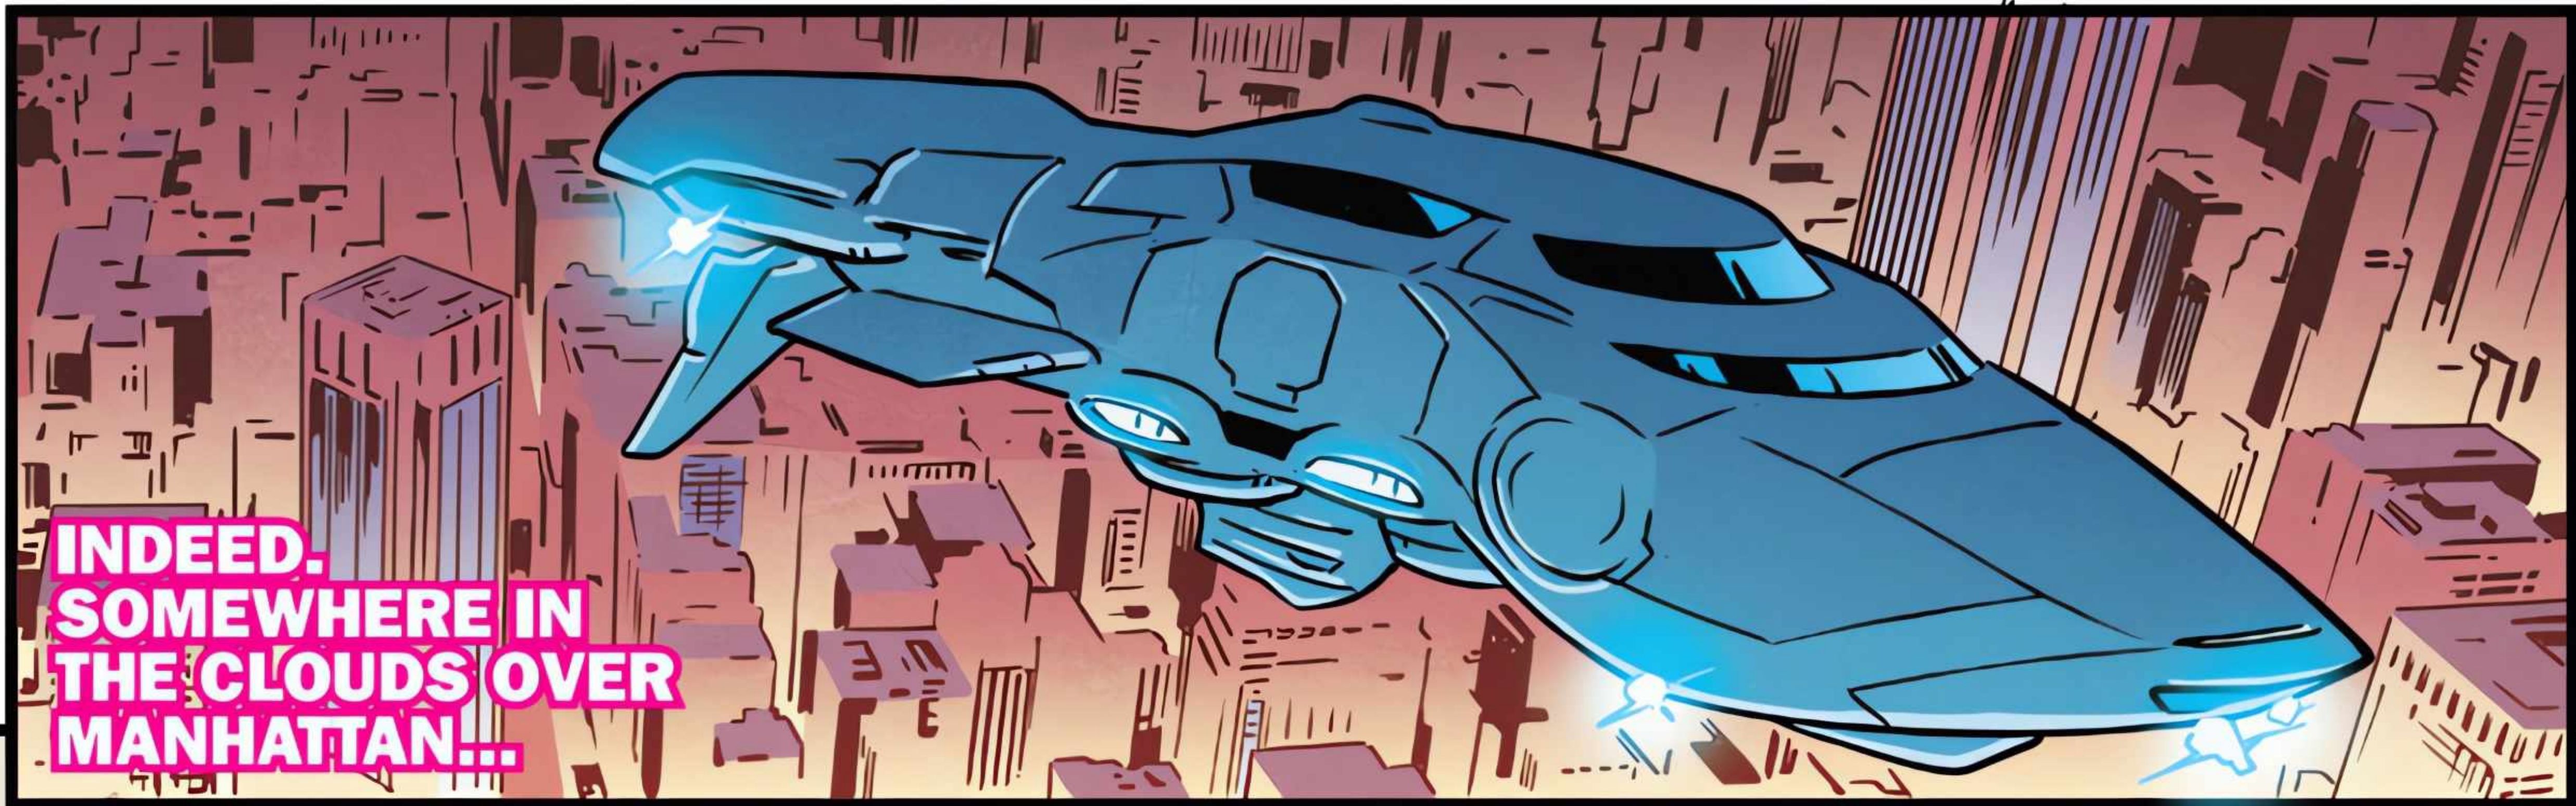

**WE DON'T
START WITHOUT
JENNY!**

Where is
Walters, anyway?
She's always showing
up late and leaving
early.

Oh, she's
got some new
boyfriend she's hiding.
Her head's in the
clouds these
days.

I've got
other commitments
too, you know. I
manage them.

**INDEED.
SOMEWHERE IN
THE CLOUDS OVER
MANHATTAN...**

I thought
you were
different.

I'm *beyond*
different, green
eyes. I'm one
of a kind.

I'm a magically
fortified super-
thief who speaks four
languages. *And* I make
you smile.

Not
anymore.

THE SCOUNDREL.
The guy who sold a bomb
to an alien who wants to
destroy Manhattan.

**JENNIFER WALTERS,
SHE-HULK.**
The girl who has to stop him.

**SHE-HULK IN
"GIRL CAN'T HELP IT"
PART 5**

Jennifer Walters was a shy attorney, good at her job and quiet in her life, when she was gunned down by criminals. A gamma-irradiated blood transfusion from her cousin, Dr. Bruce Banner, A.K.A. the Incredible Hulk, didn't just give her a second chance at life, but also super-strength and bulletproof green skin--and unbelievably gorgeous hair. She is the Sensational...

She- HULK

Previously...

With She-Hulk and Jack of Hearts' relationship being... challenging, could anyone blame her for being tempted by the handsome and passionate Scoundrel? Joining the charming thief on his swanky spaceship-bachelor pad, things almost got too heated as the definitely-not-a-pair nearly shared a kiss. Any romantic feelings were quickly snuffed out when Scoundrel revealed his job for the past few months has been stealing bomb components for an alien called Drapurg, who plans to blow up Manhattan. What's more, Scoundrel's whisking away of Jen was more than a little motivated by him attempting to spare her from the impending explosion.

Well, I can't let
someone *blow up*
New York.

Land
this ship.
Now.

We're not
landing--we're
vacating the airspace
over Manhattan as
soon as possible.

Be rational--
even if you could
defuse Drapurg's
bomb, you'd never
be able to get past
his interstellar
horde.

There's an
interstellar
horde?

That's why
they call Drapurg
"He of the Horde."

He's probably already got
them down there securing
the perimeter.

I can't believe I thought you
were interesting...

Hey!

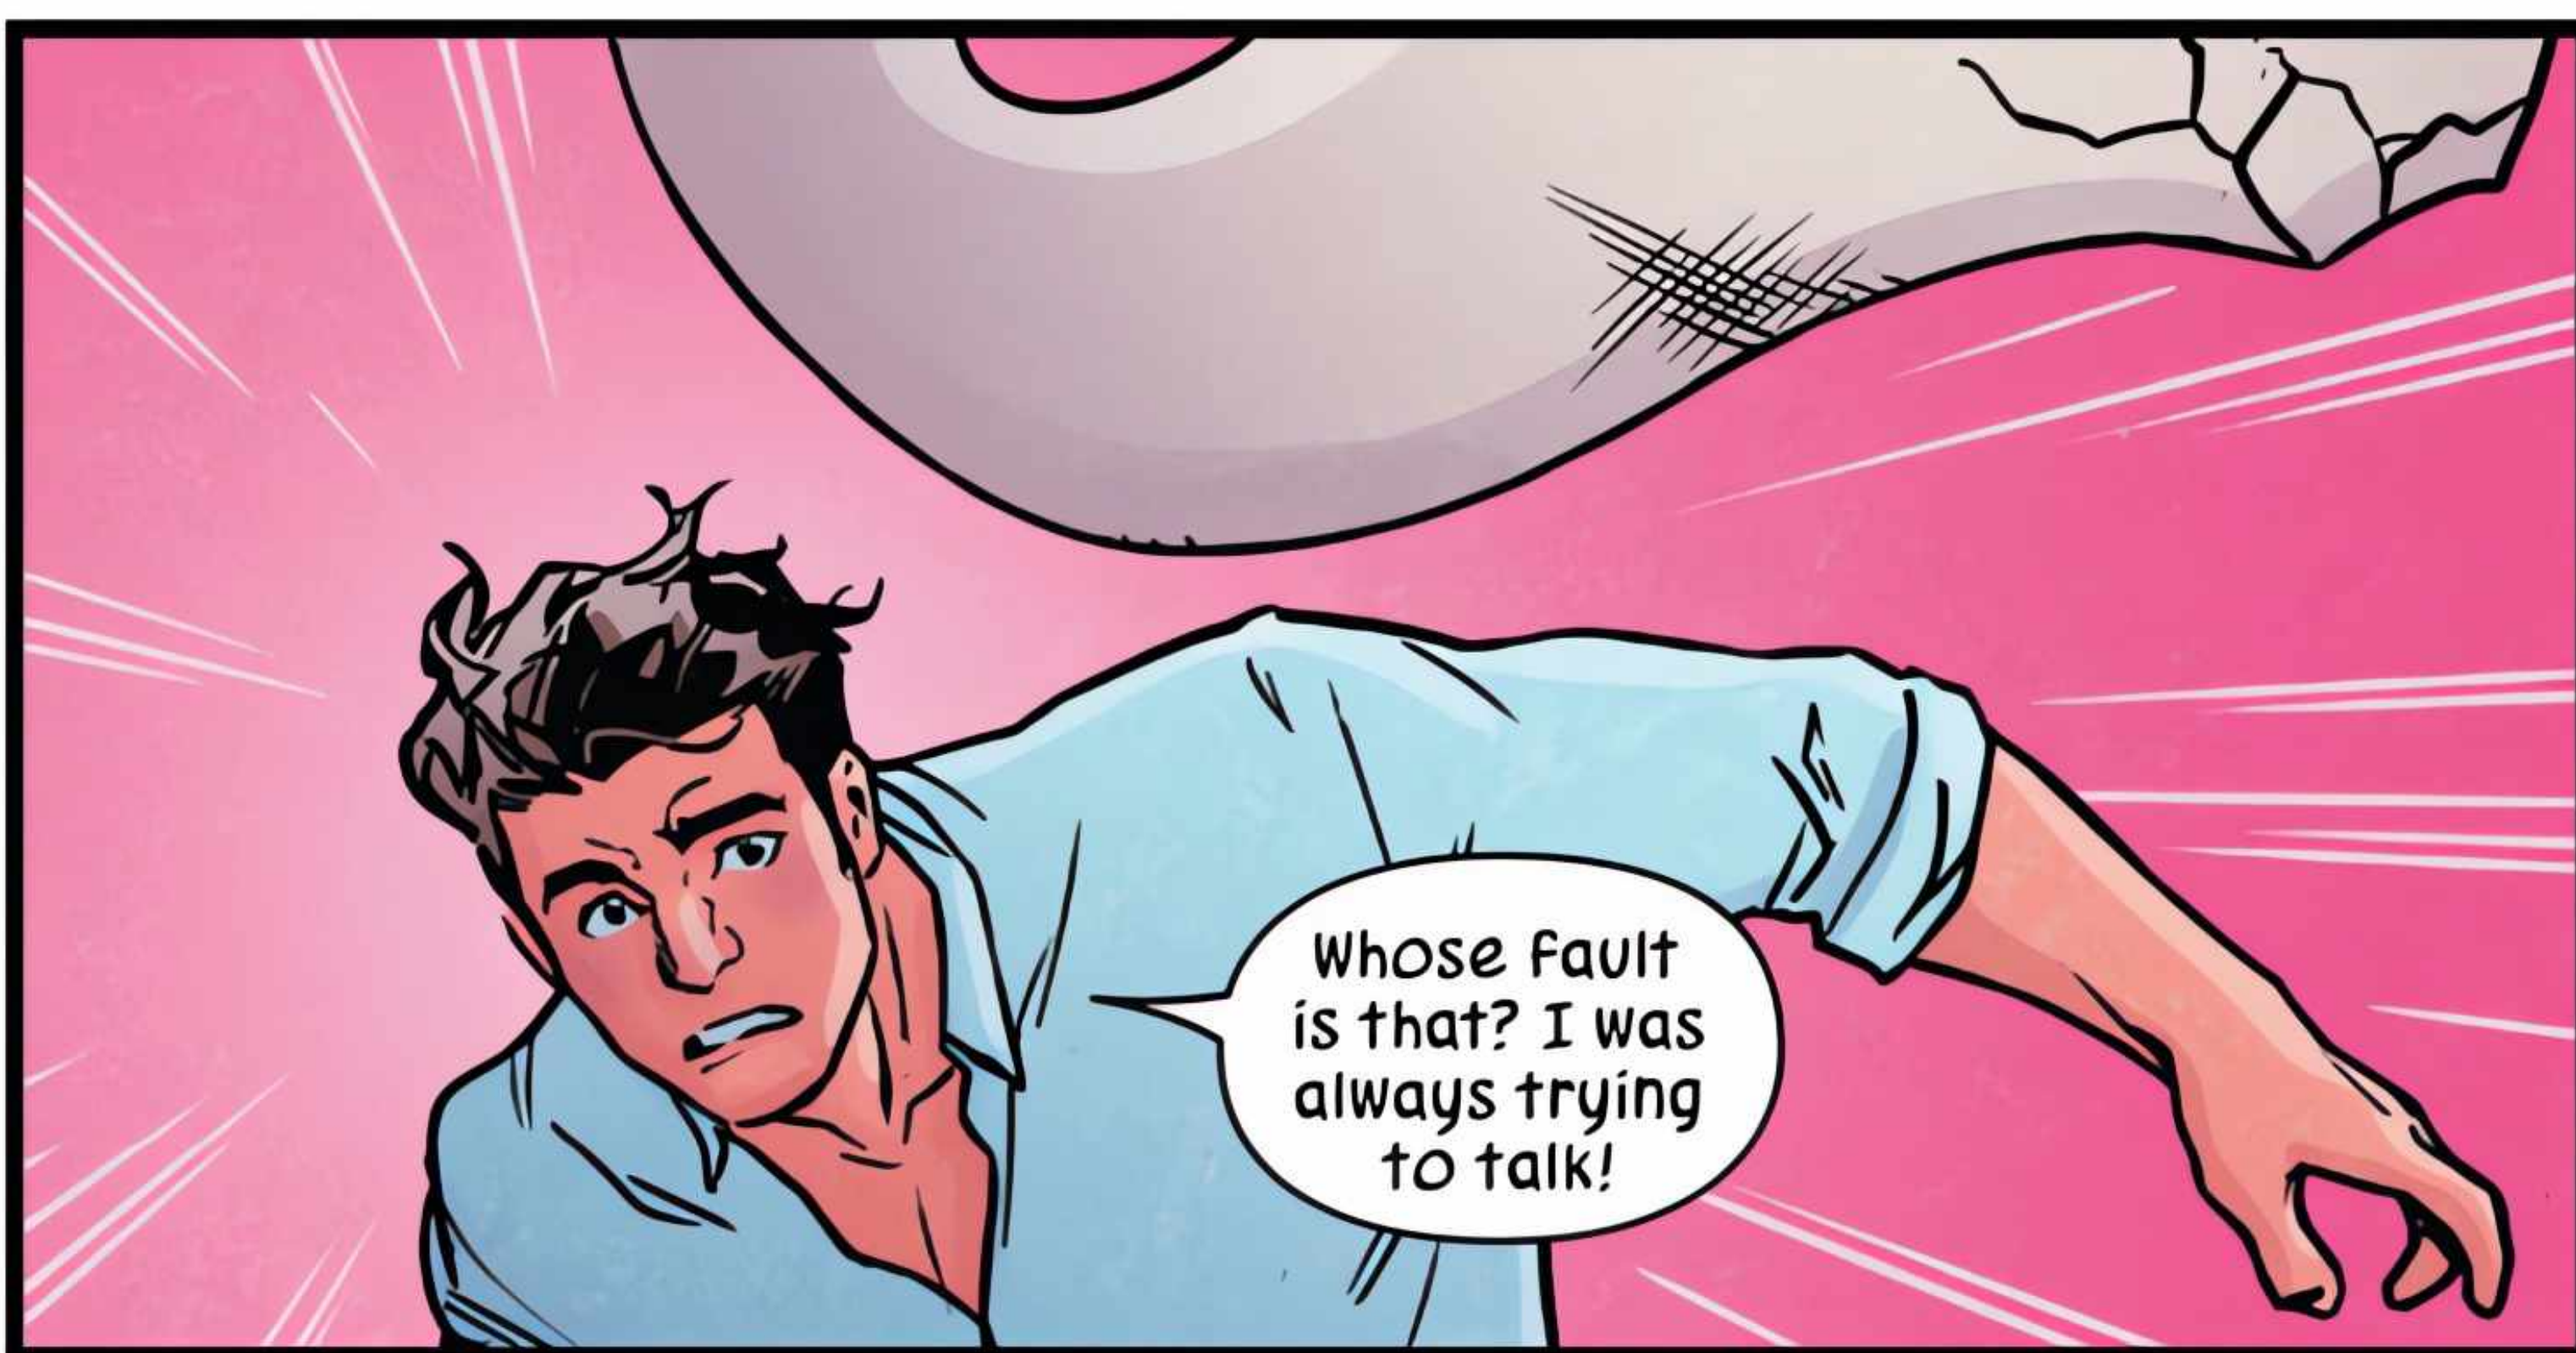

You're
ruining my
fabulous space
yacht!

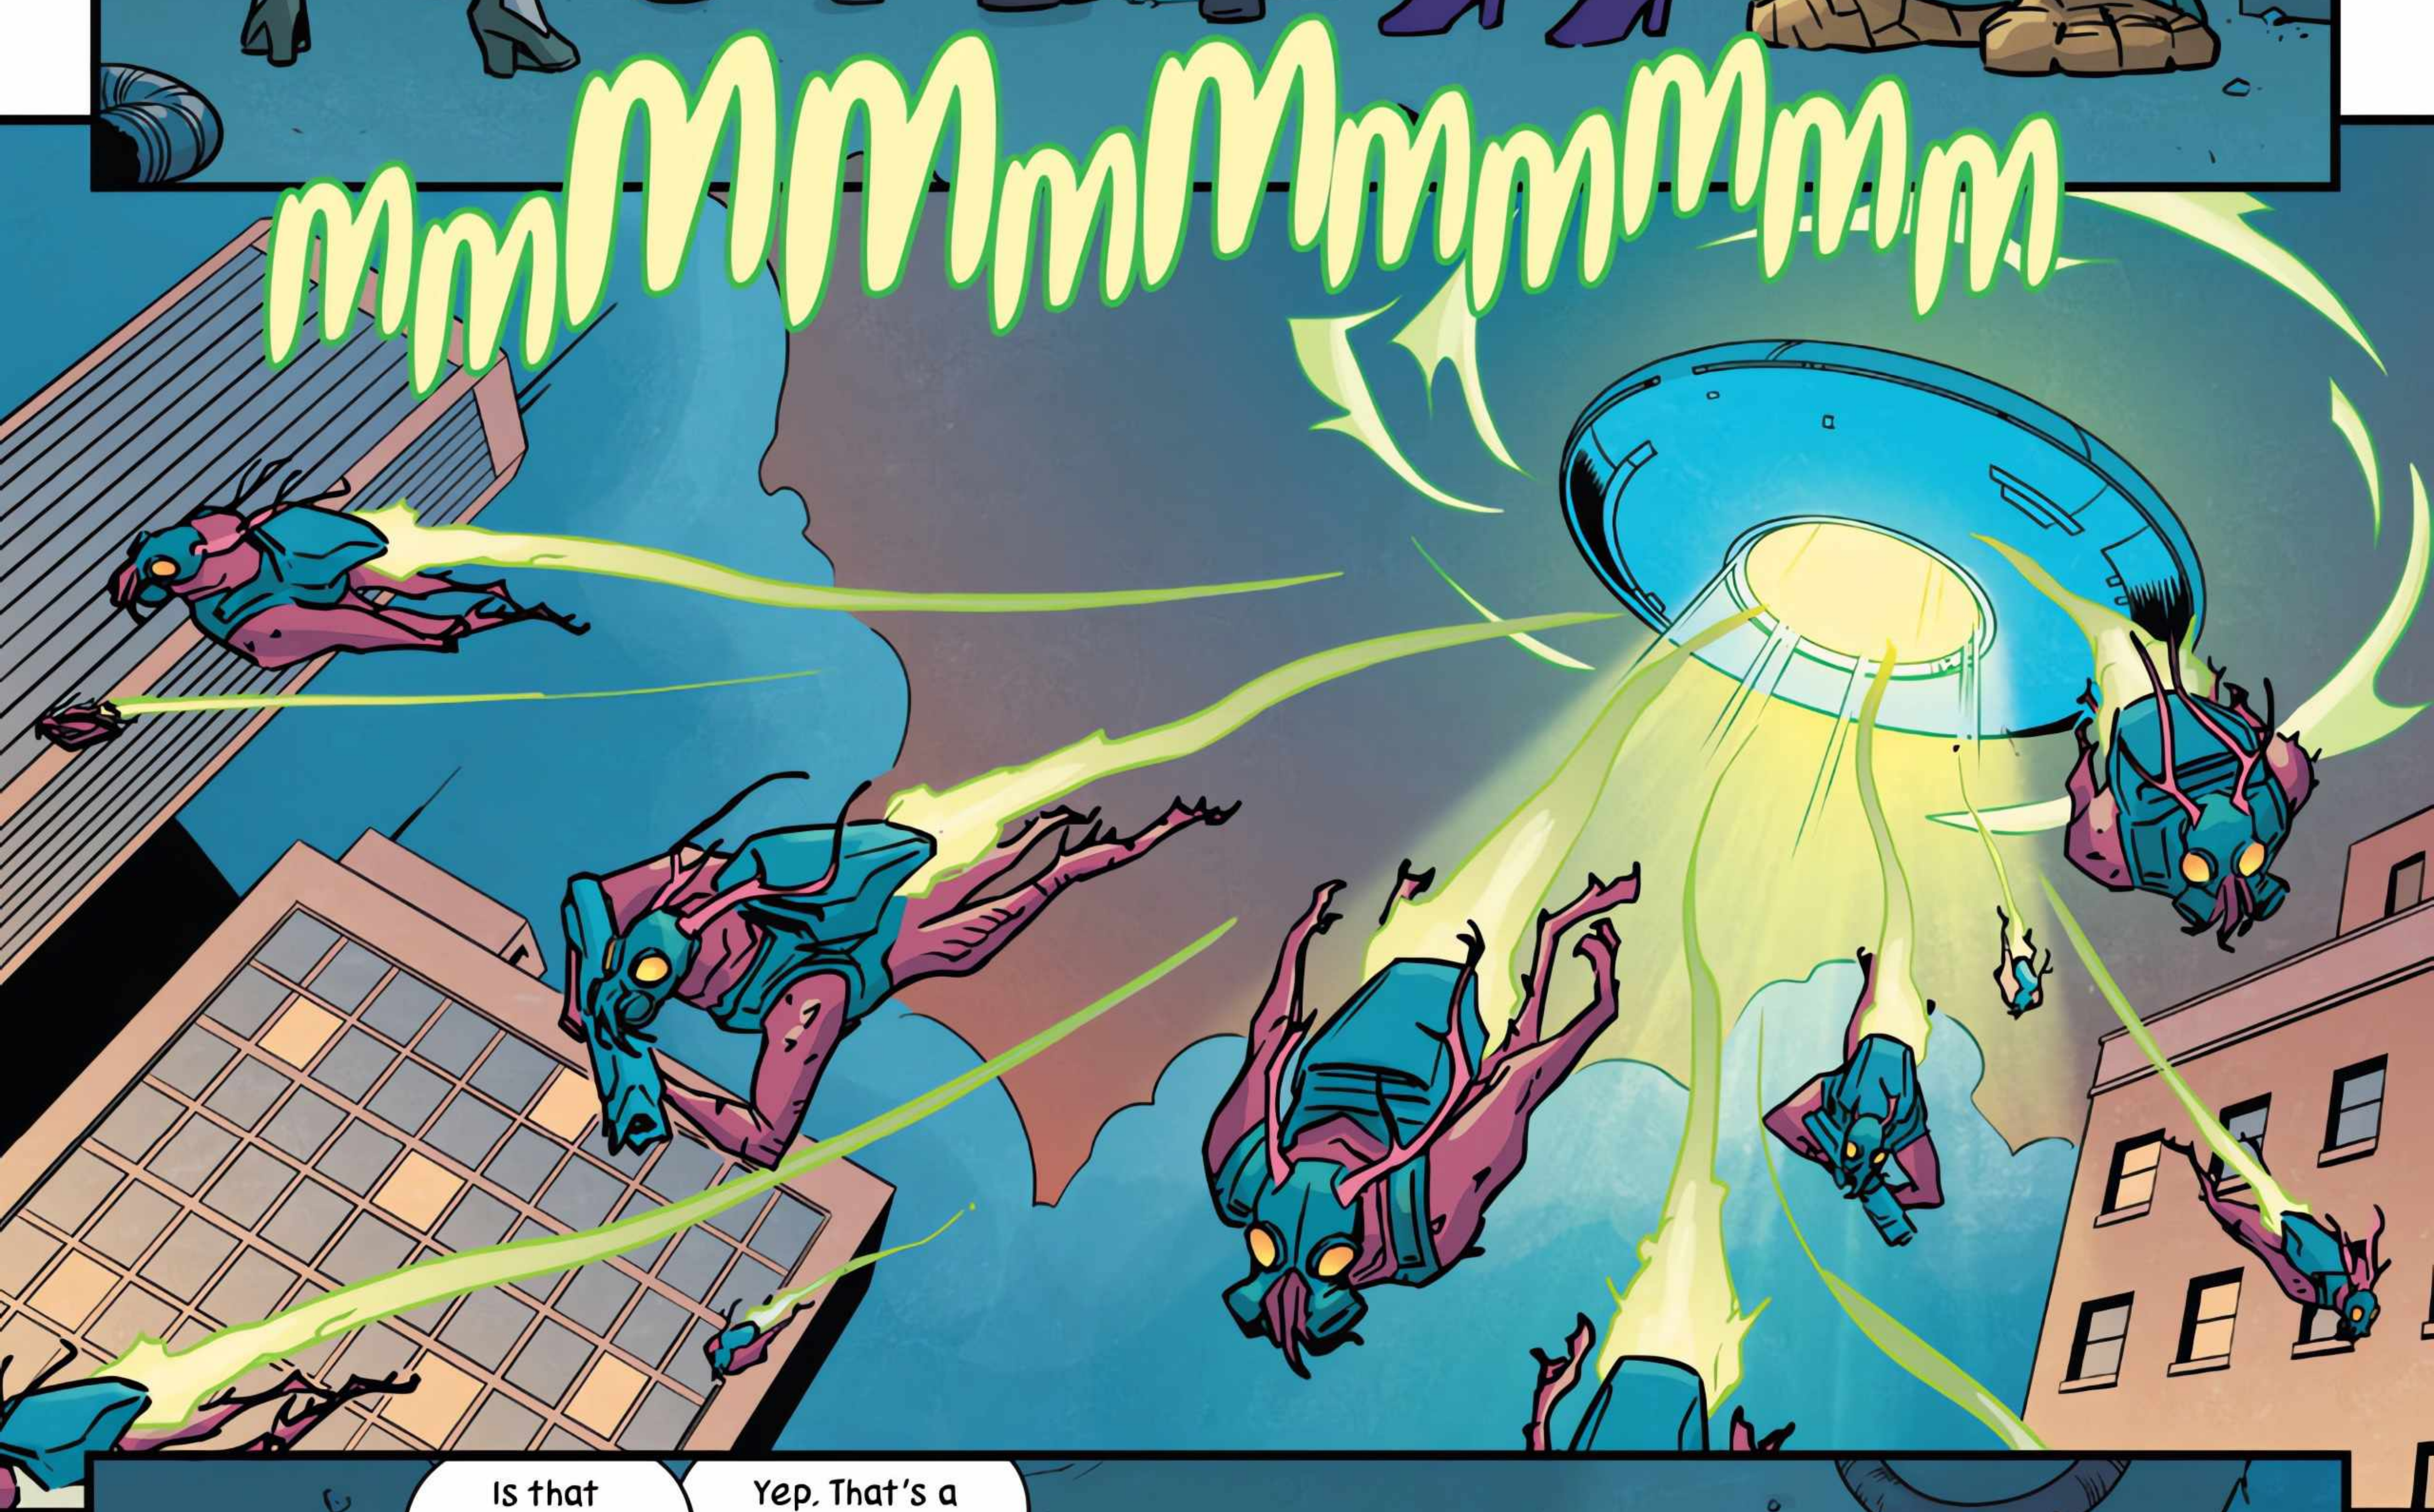

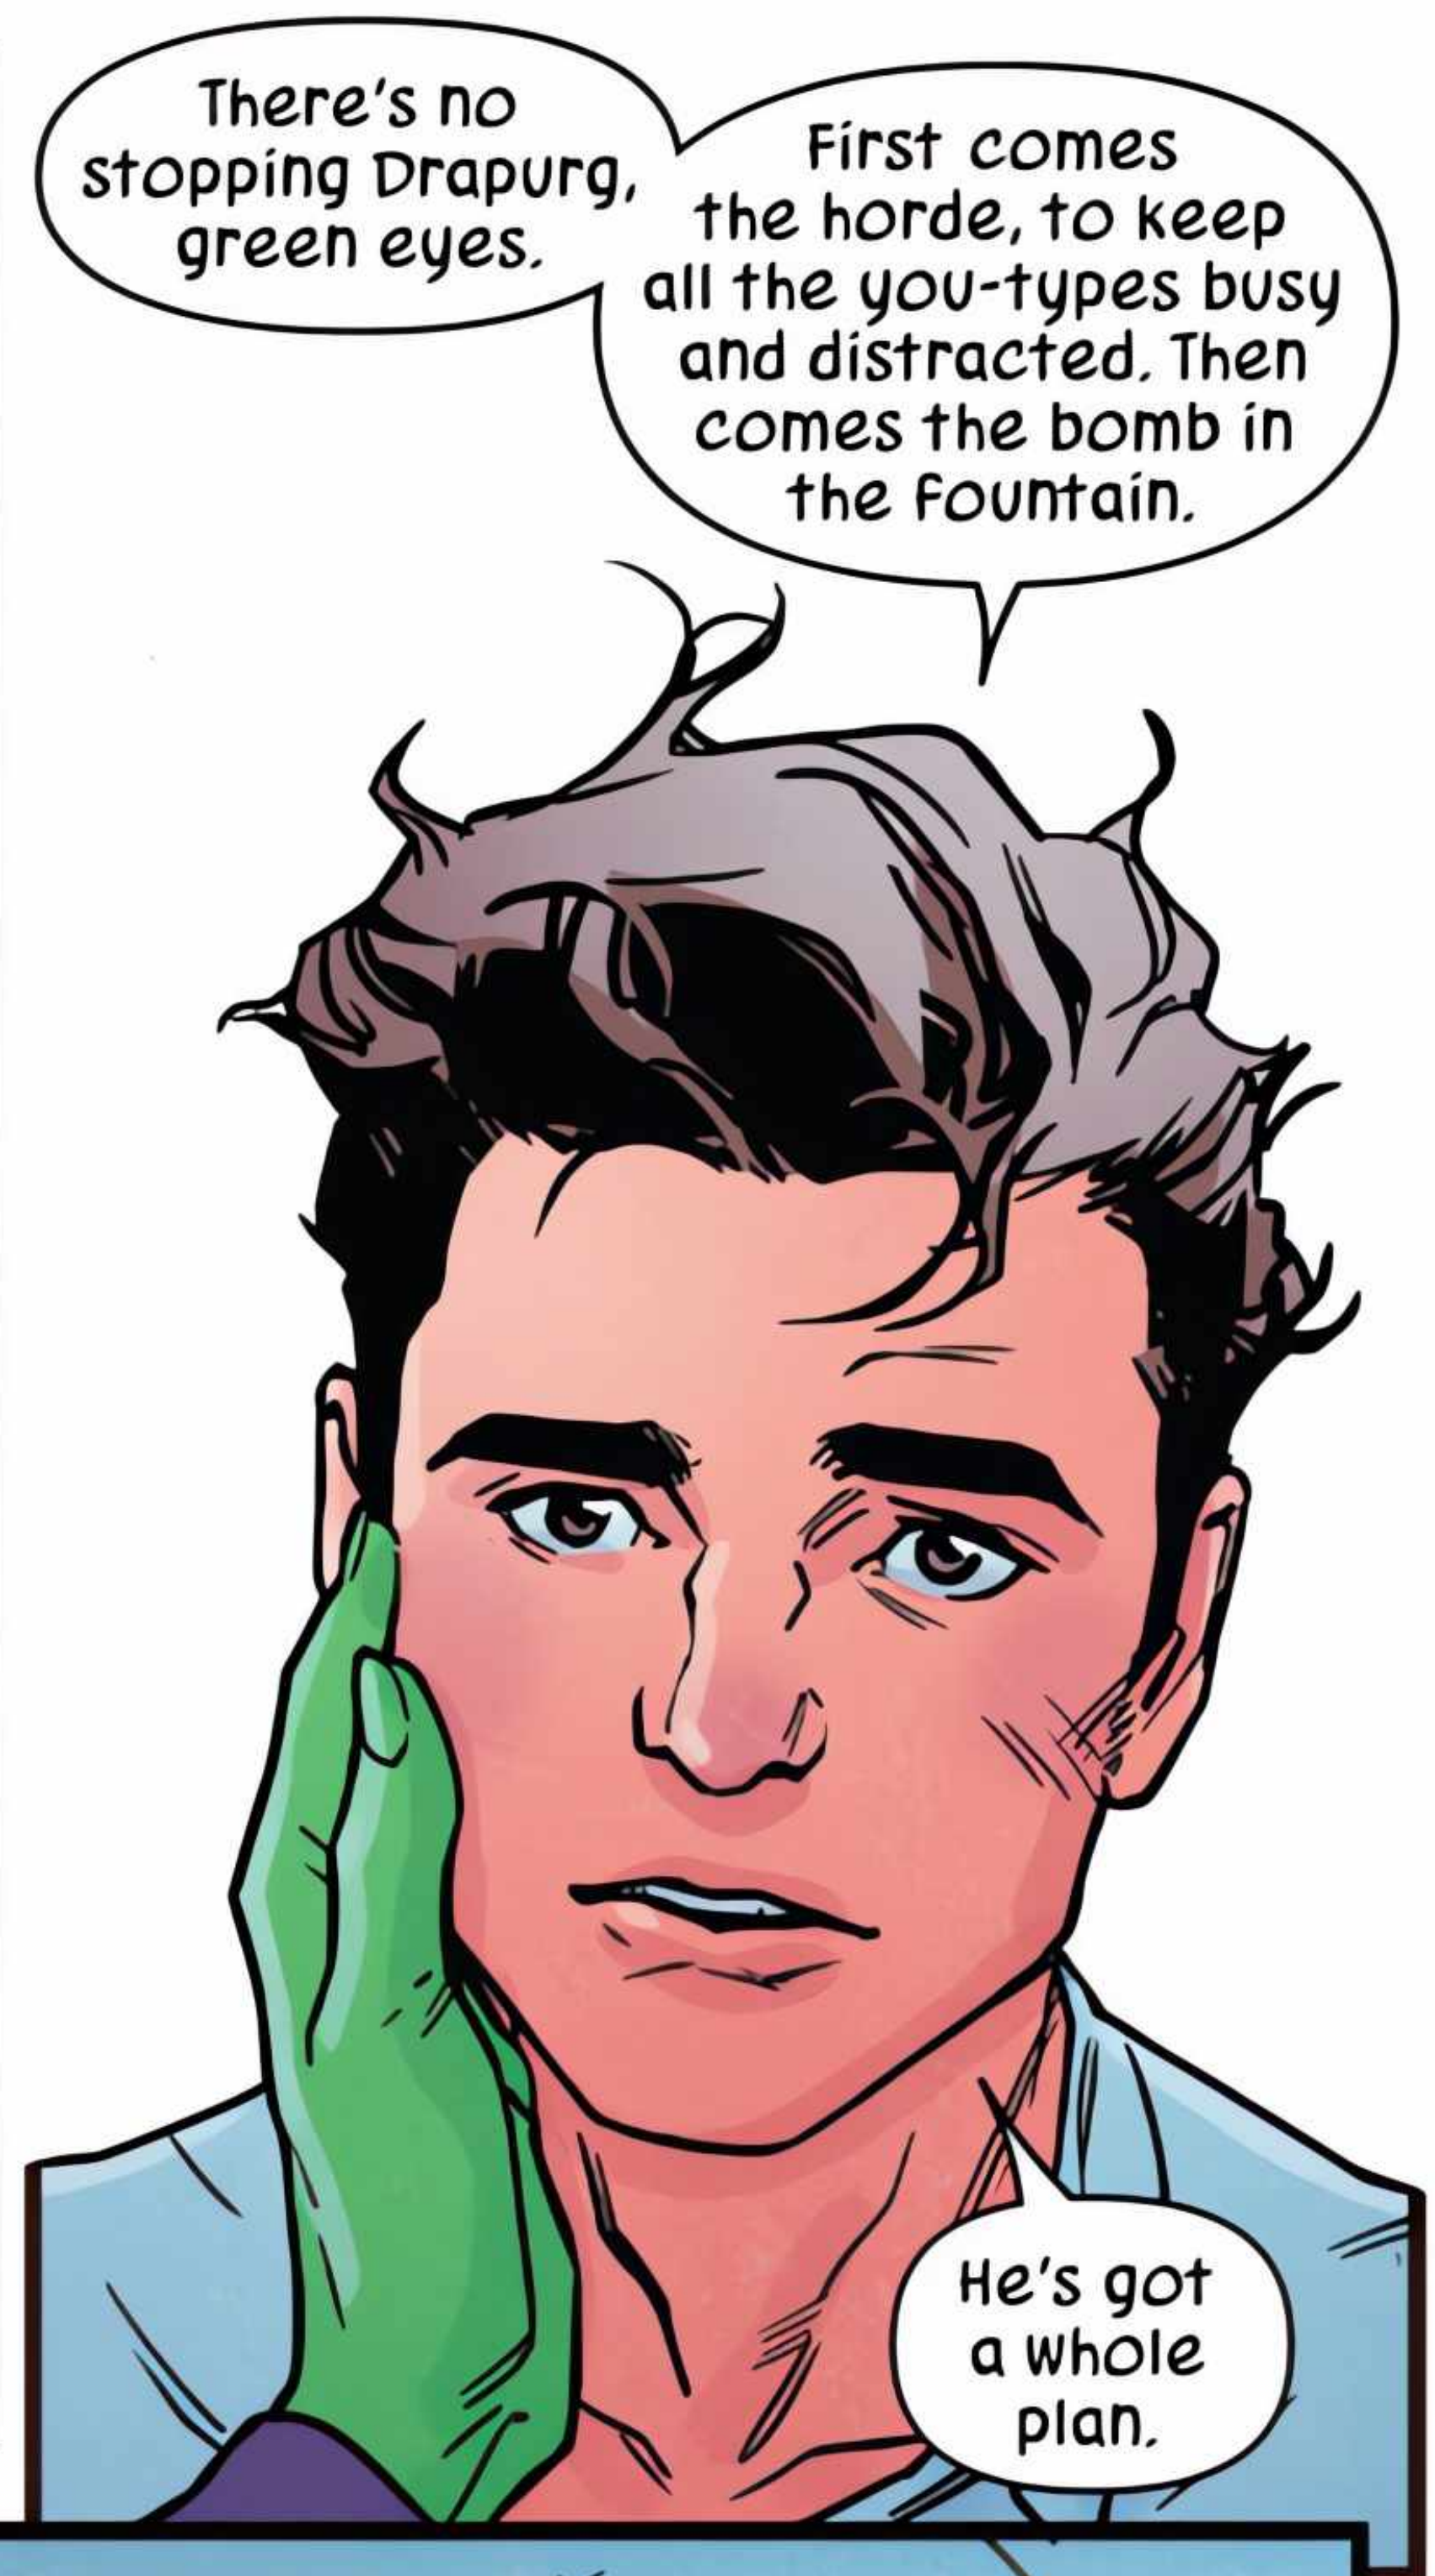

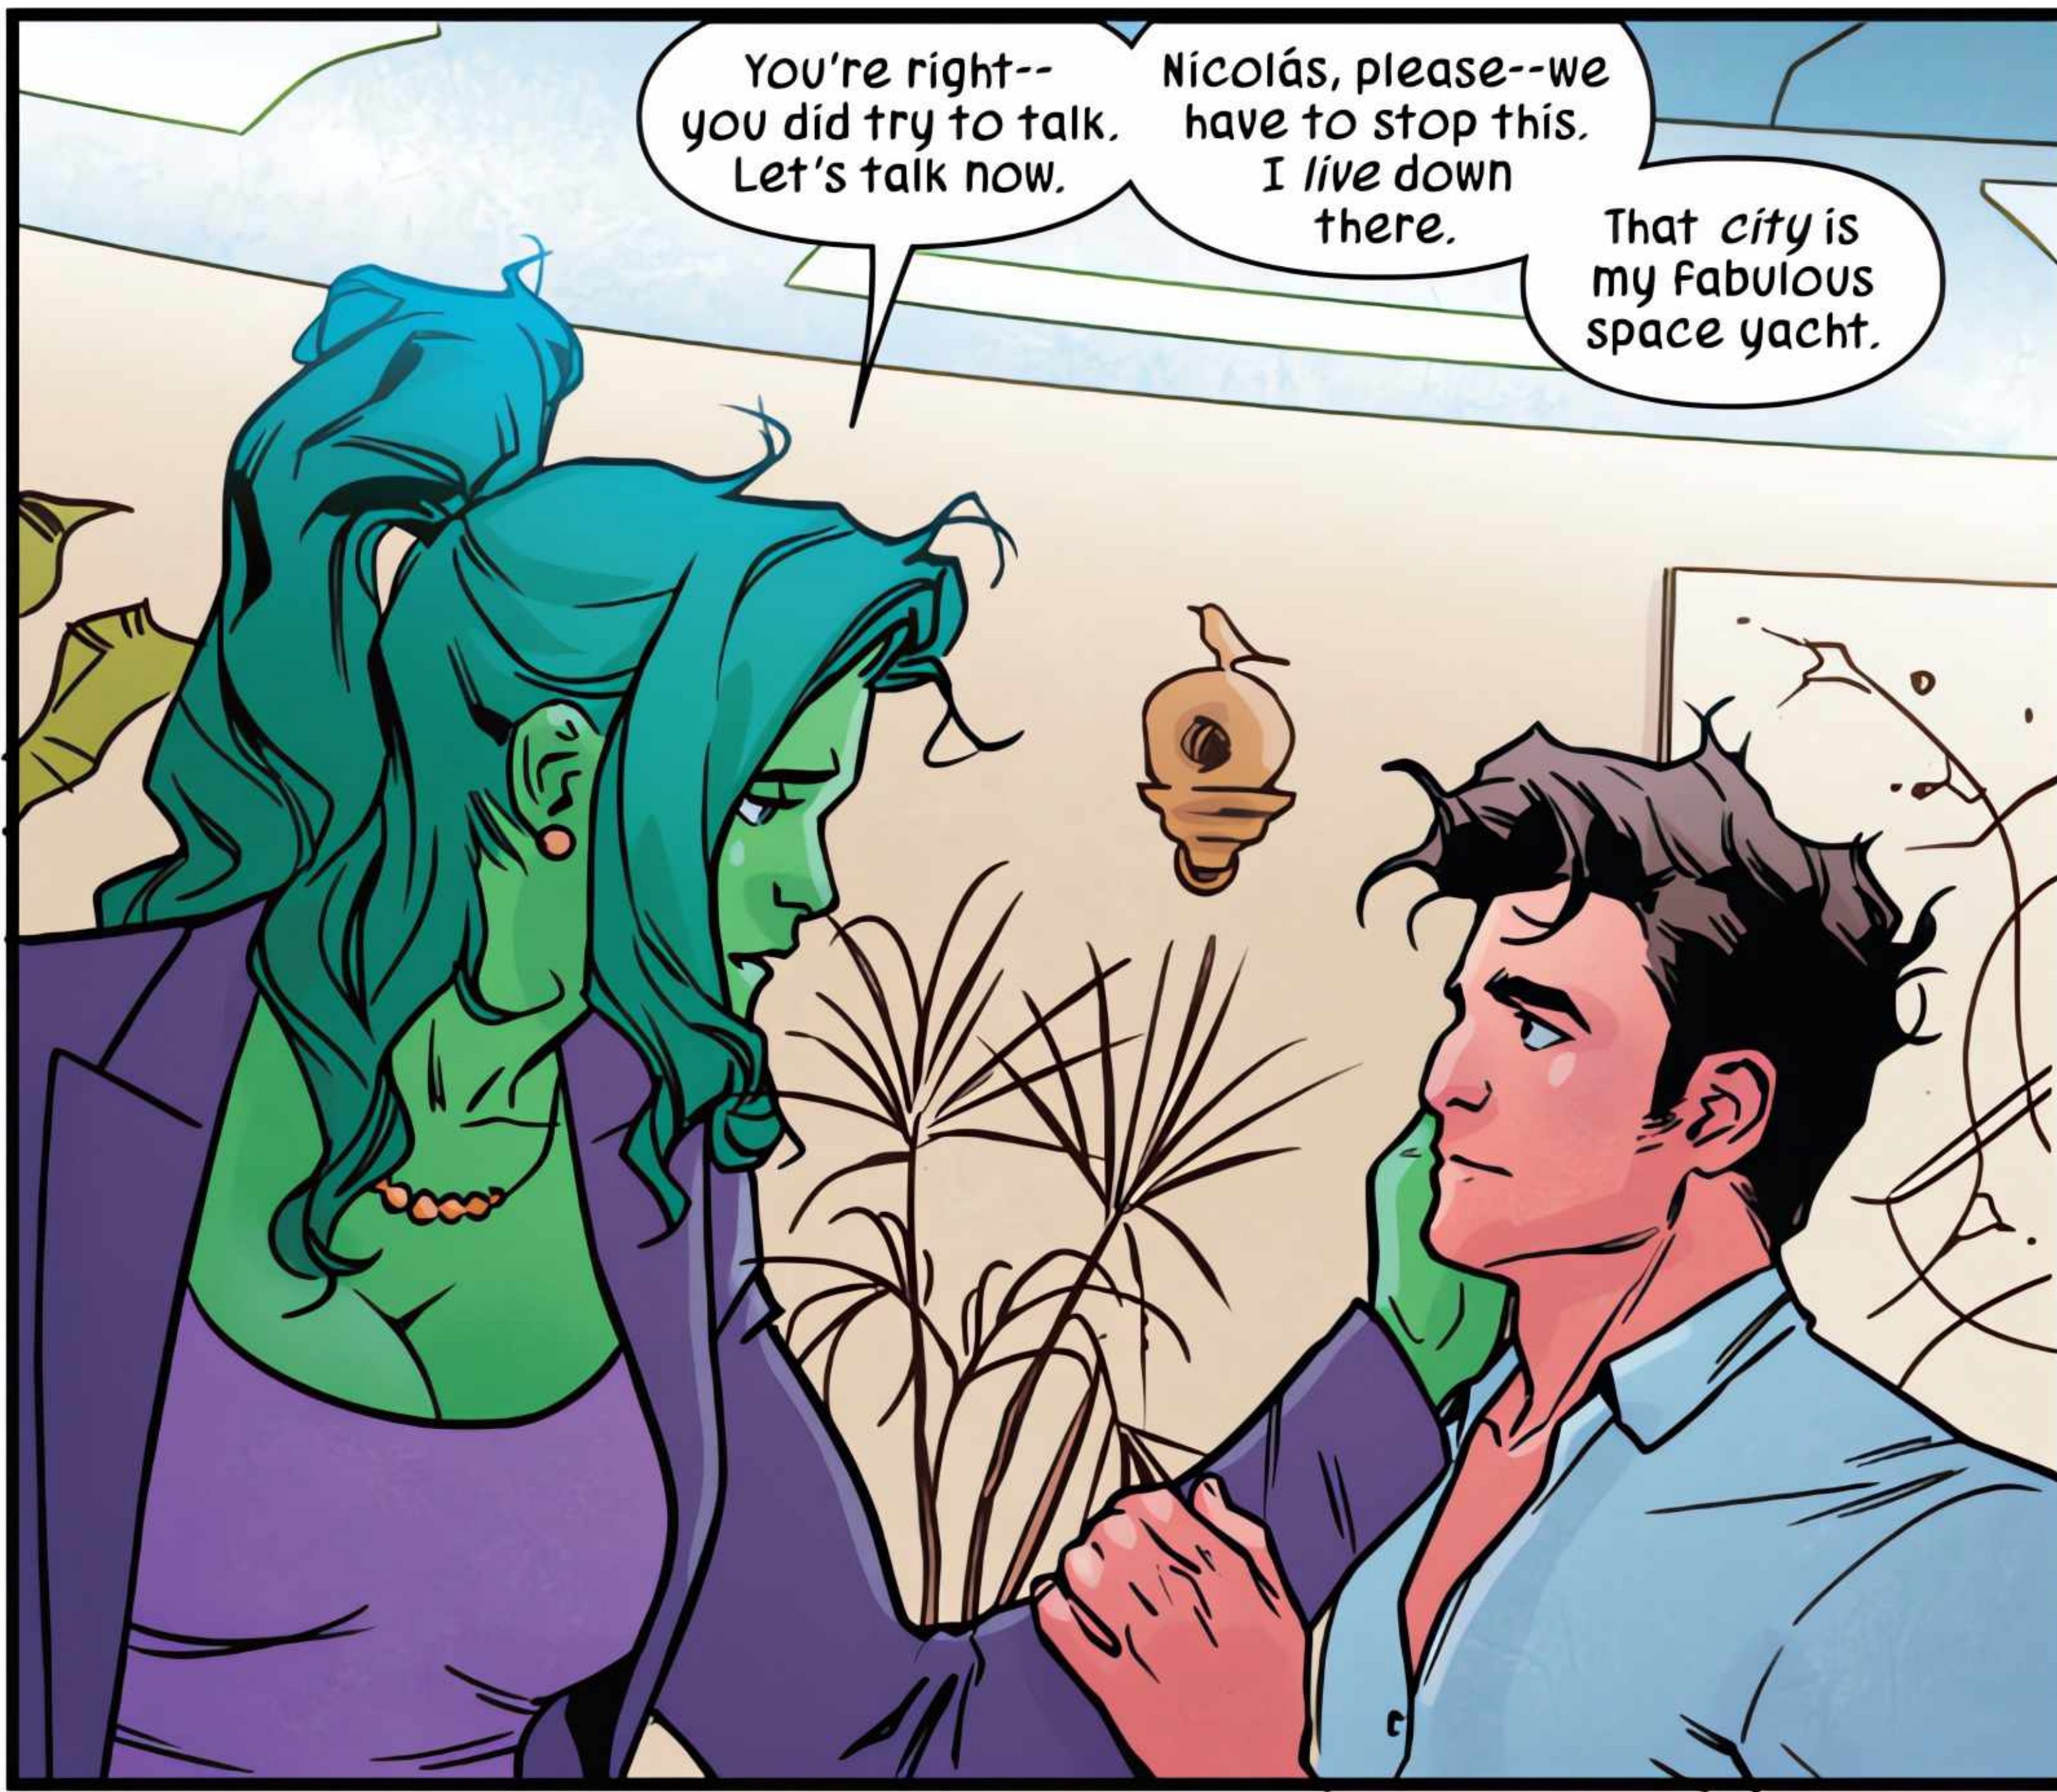

Oh, it isn't
even yours--
steal another
one!

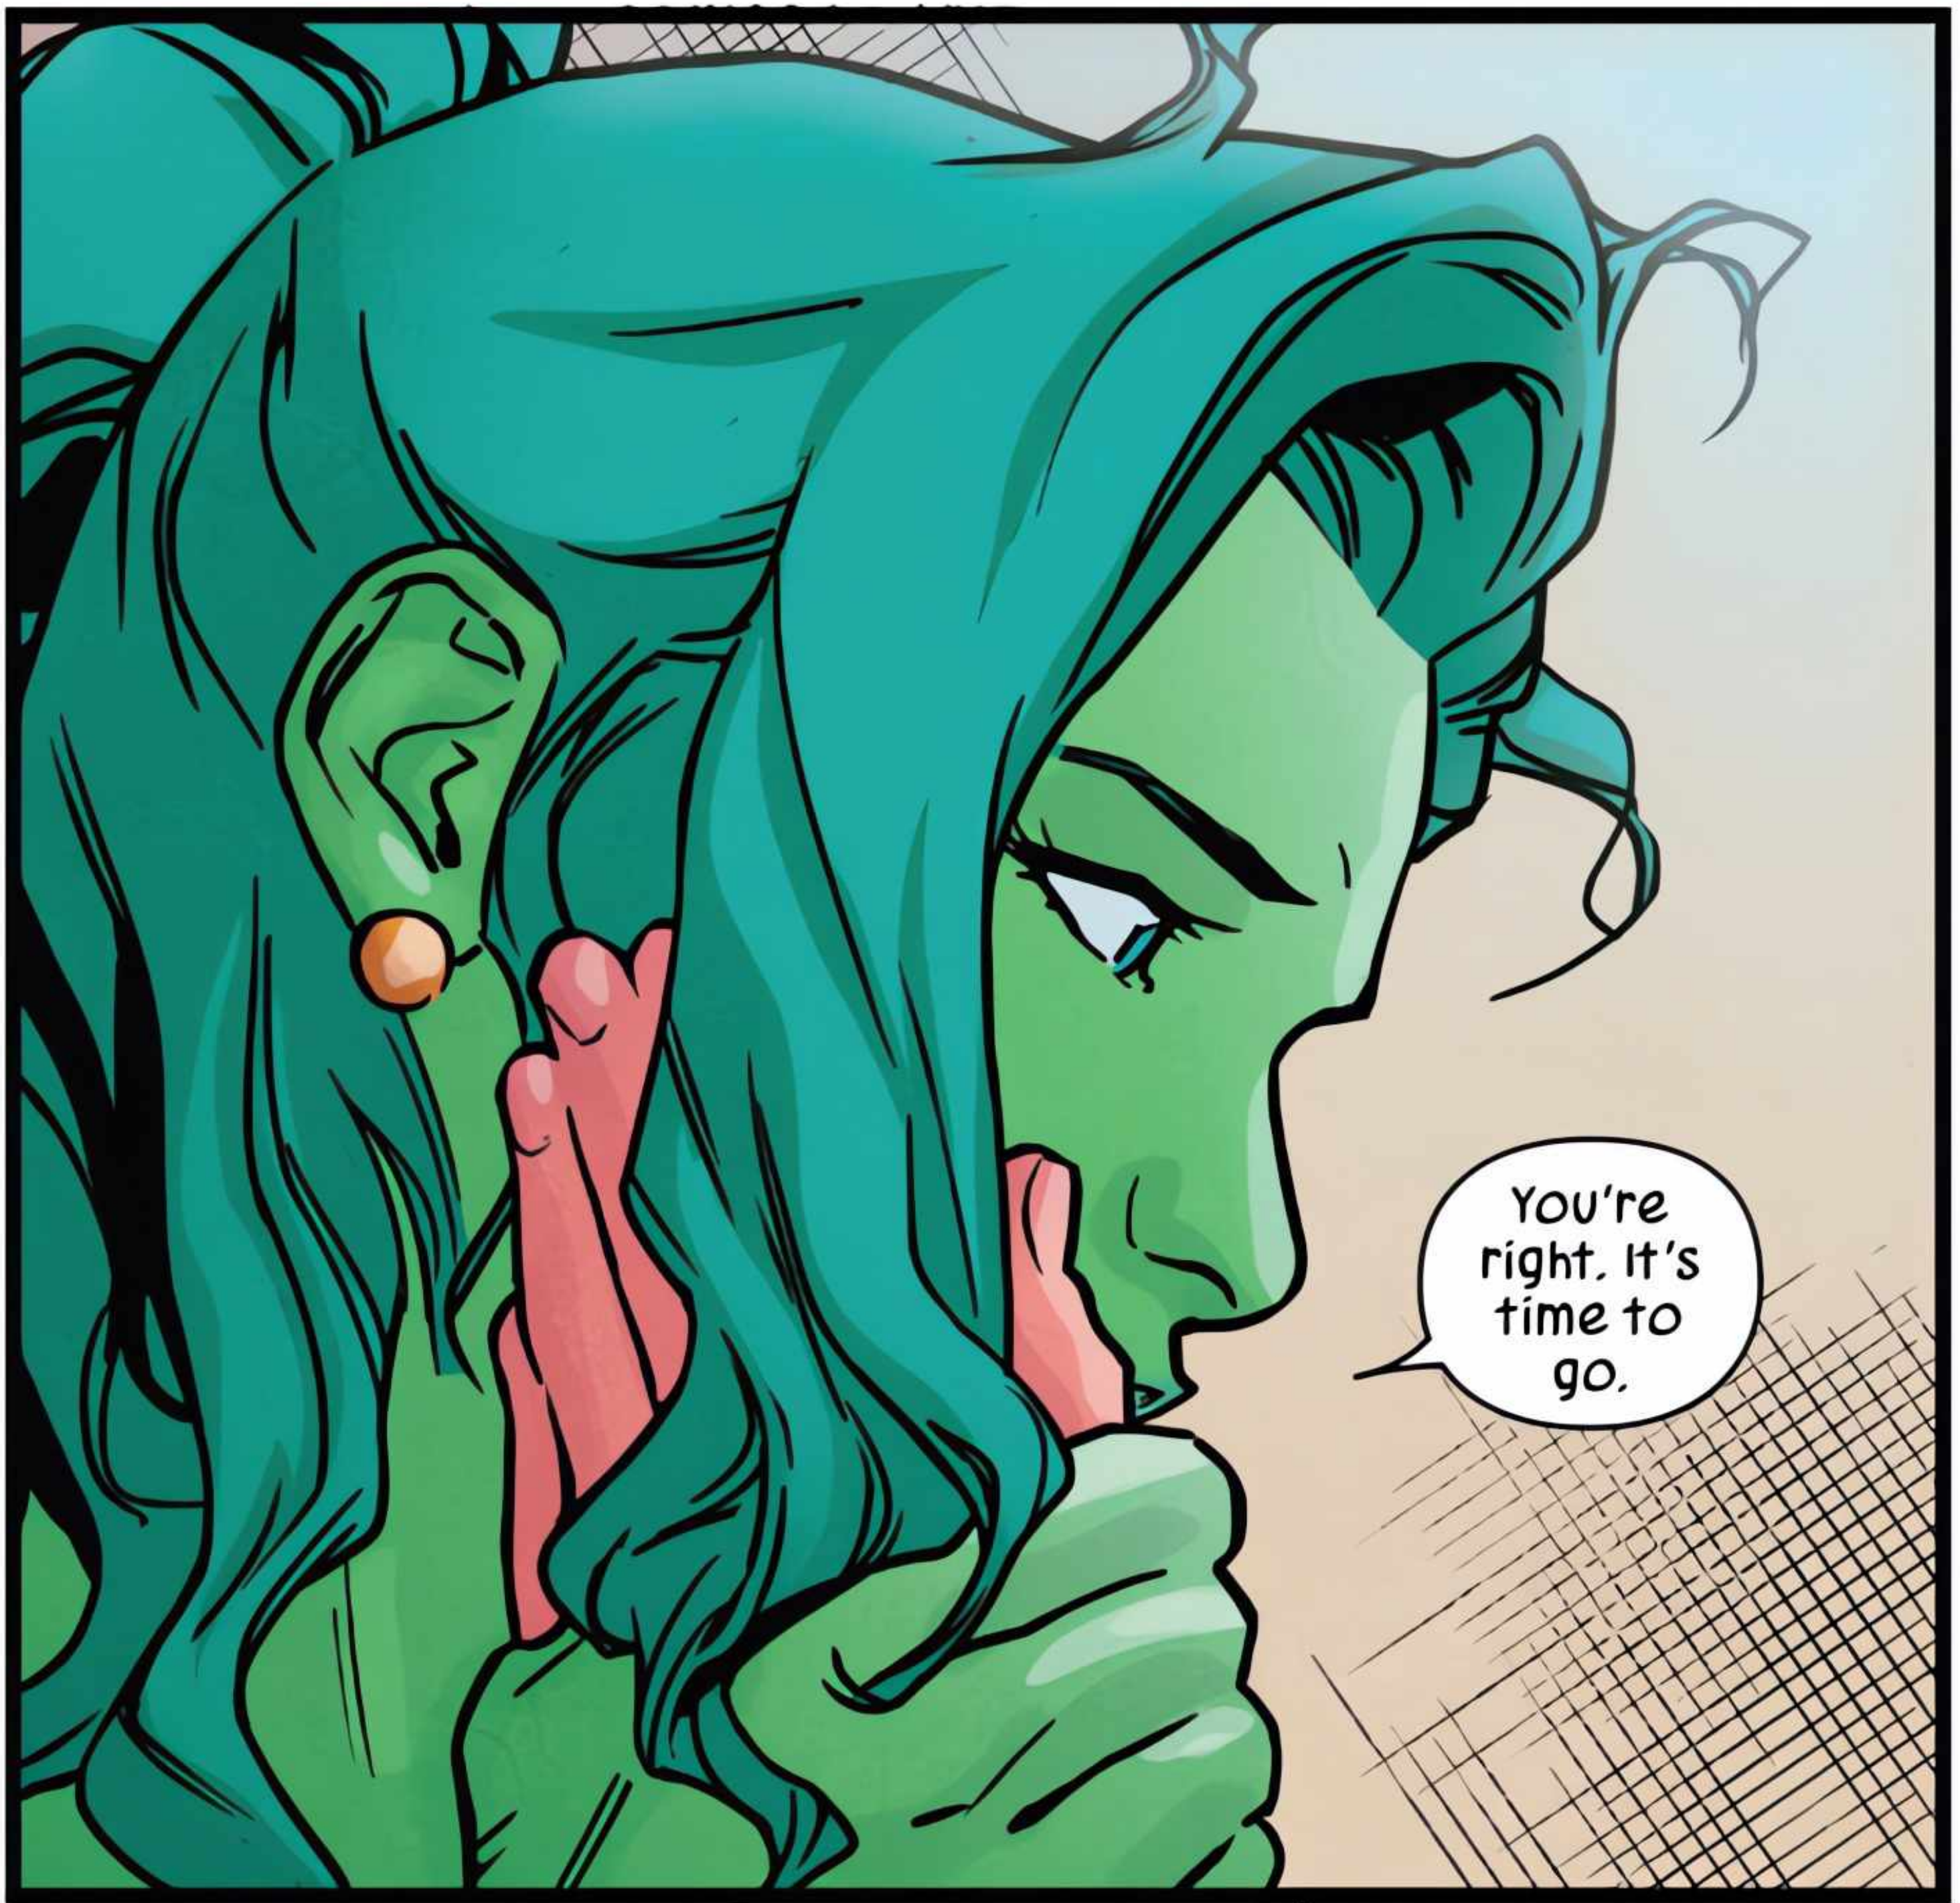

I...
will...

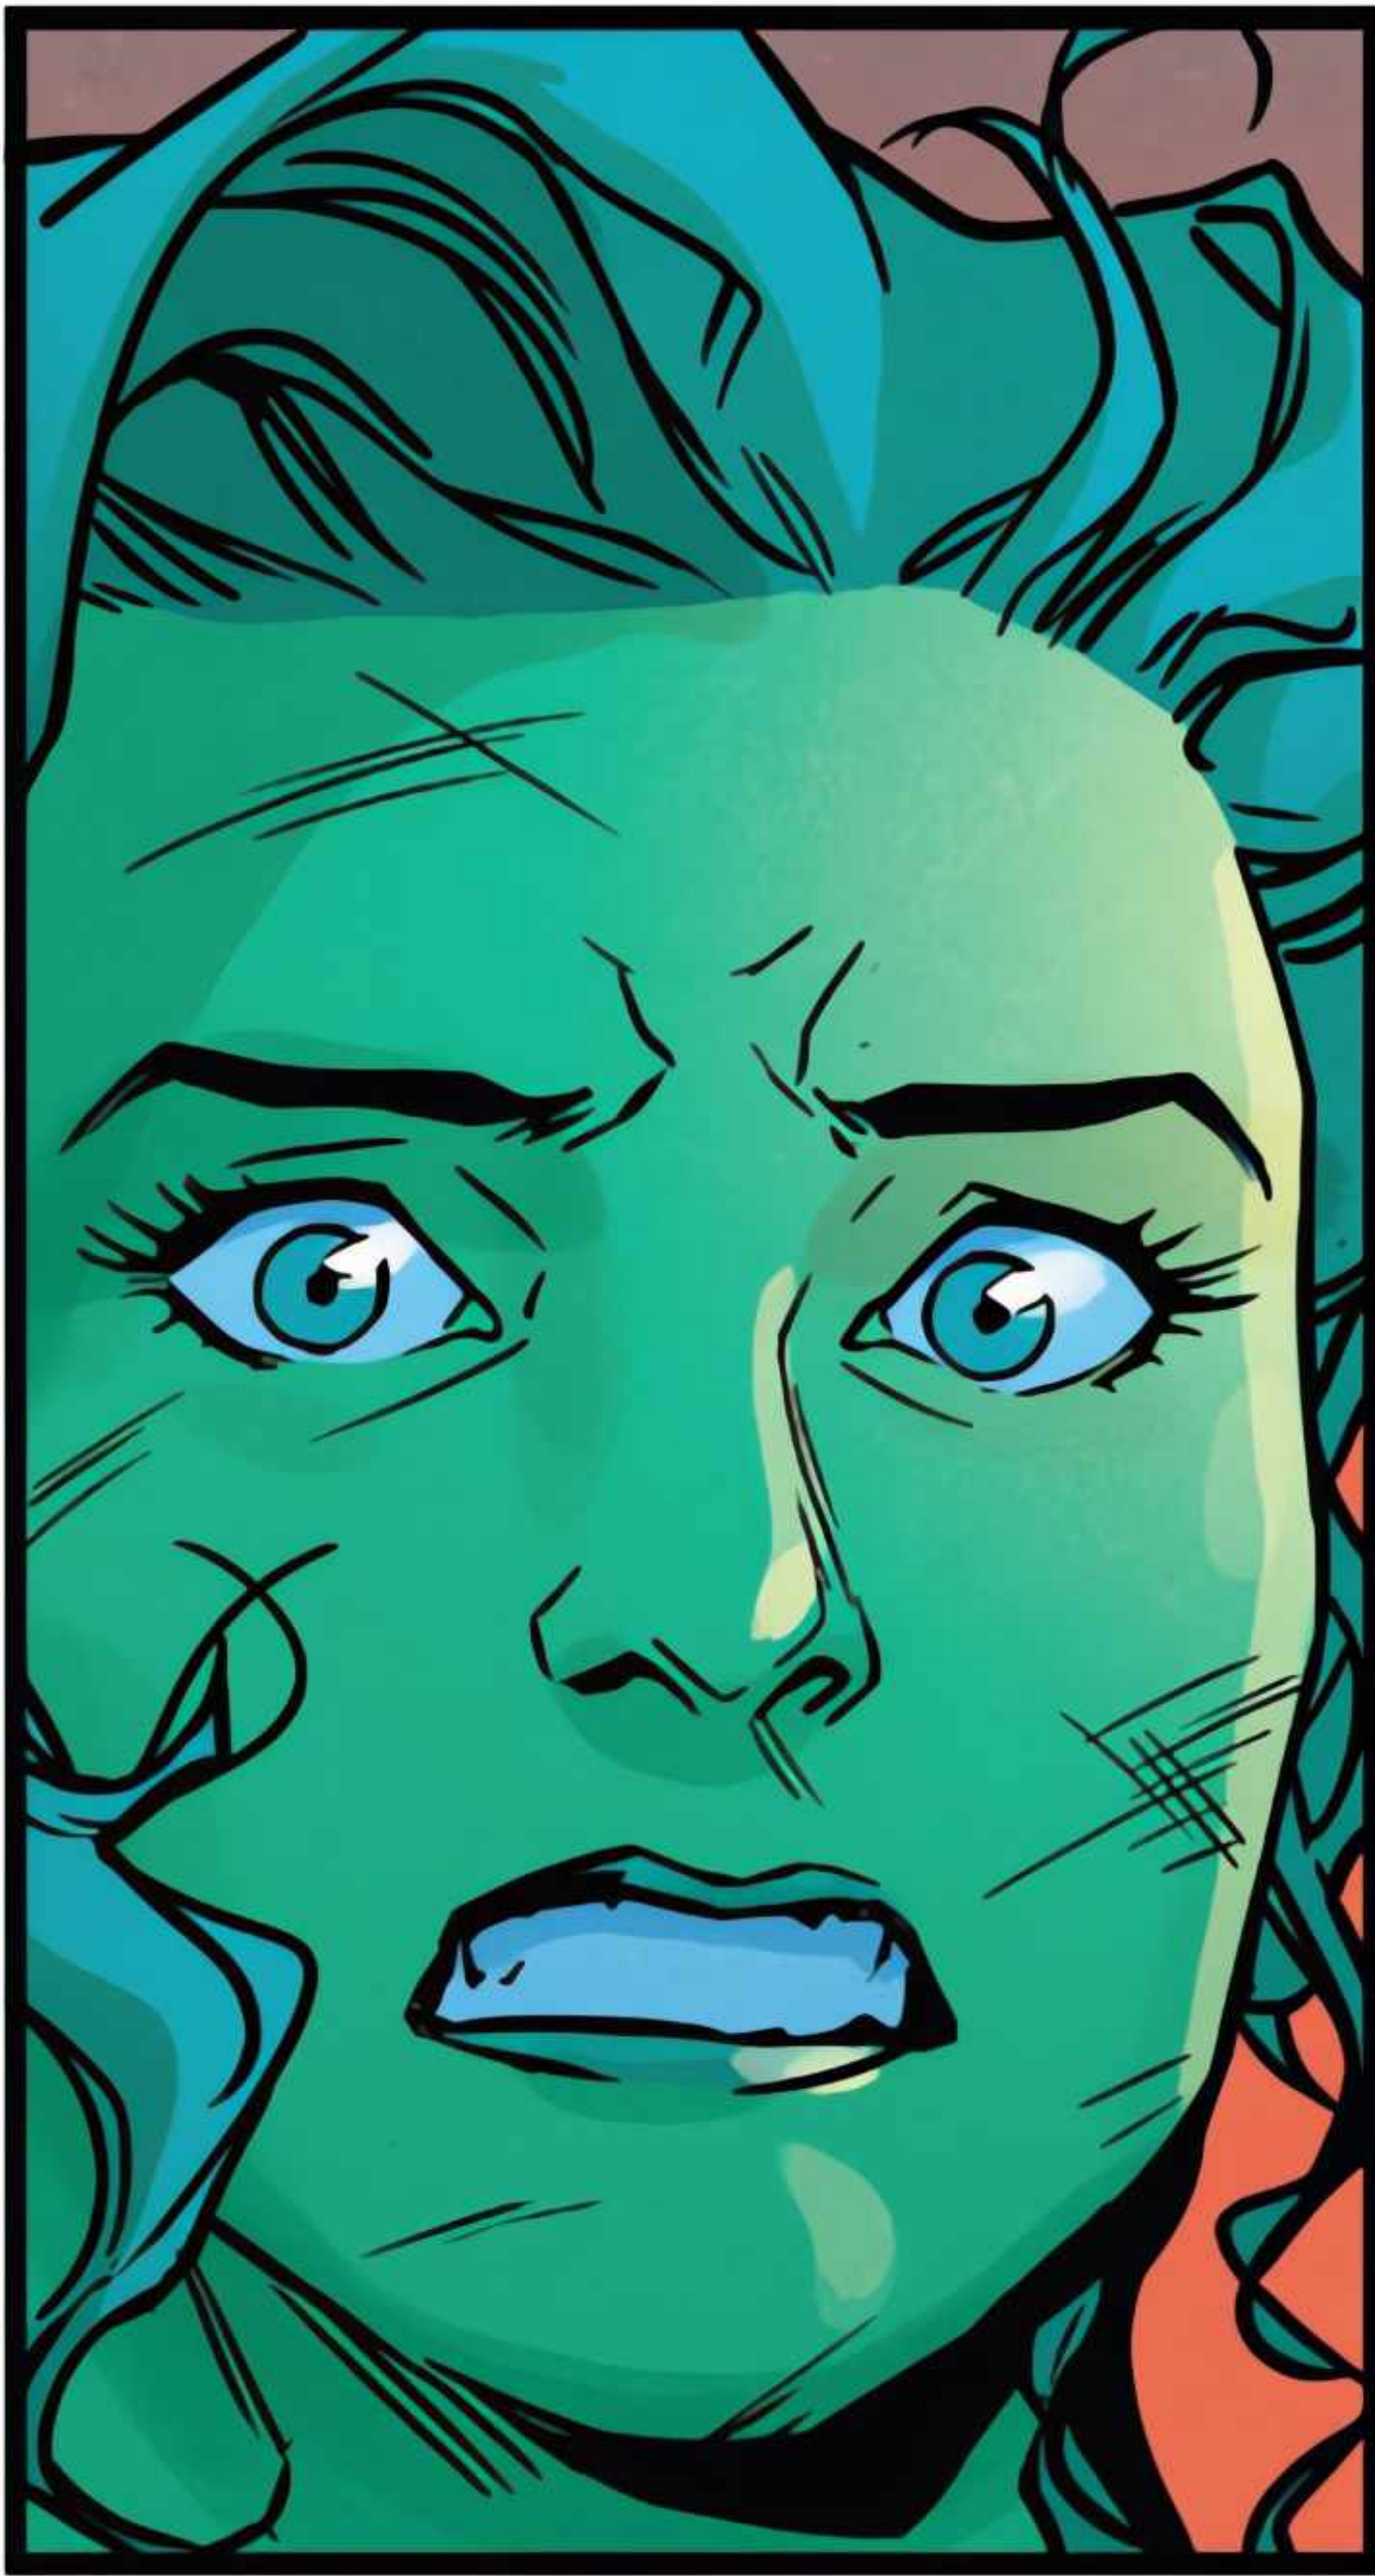

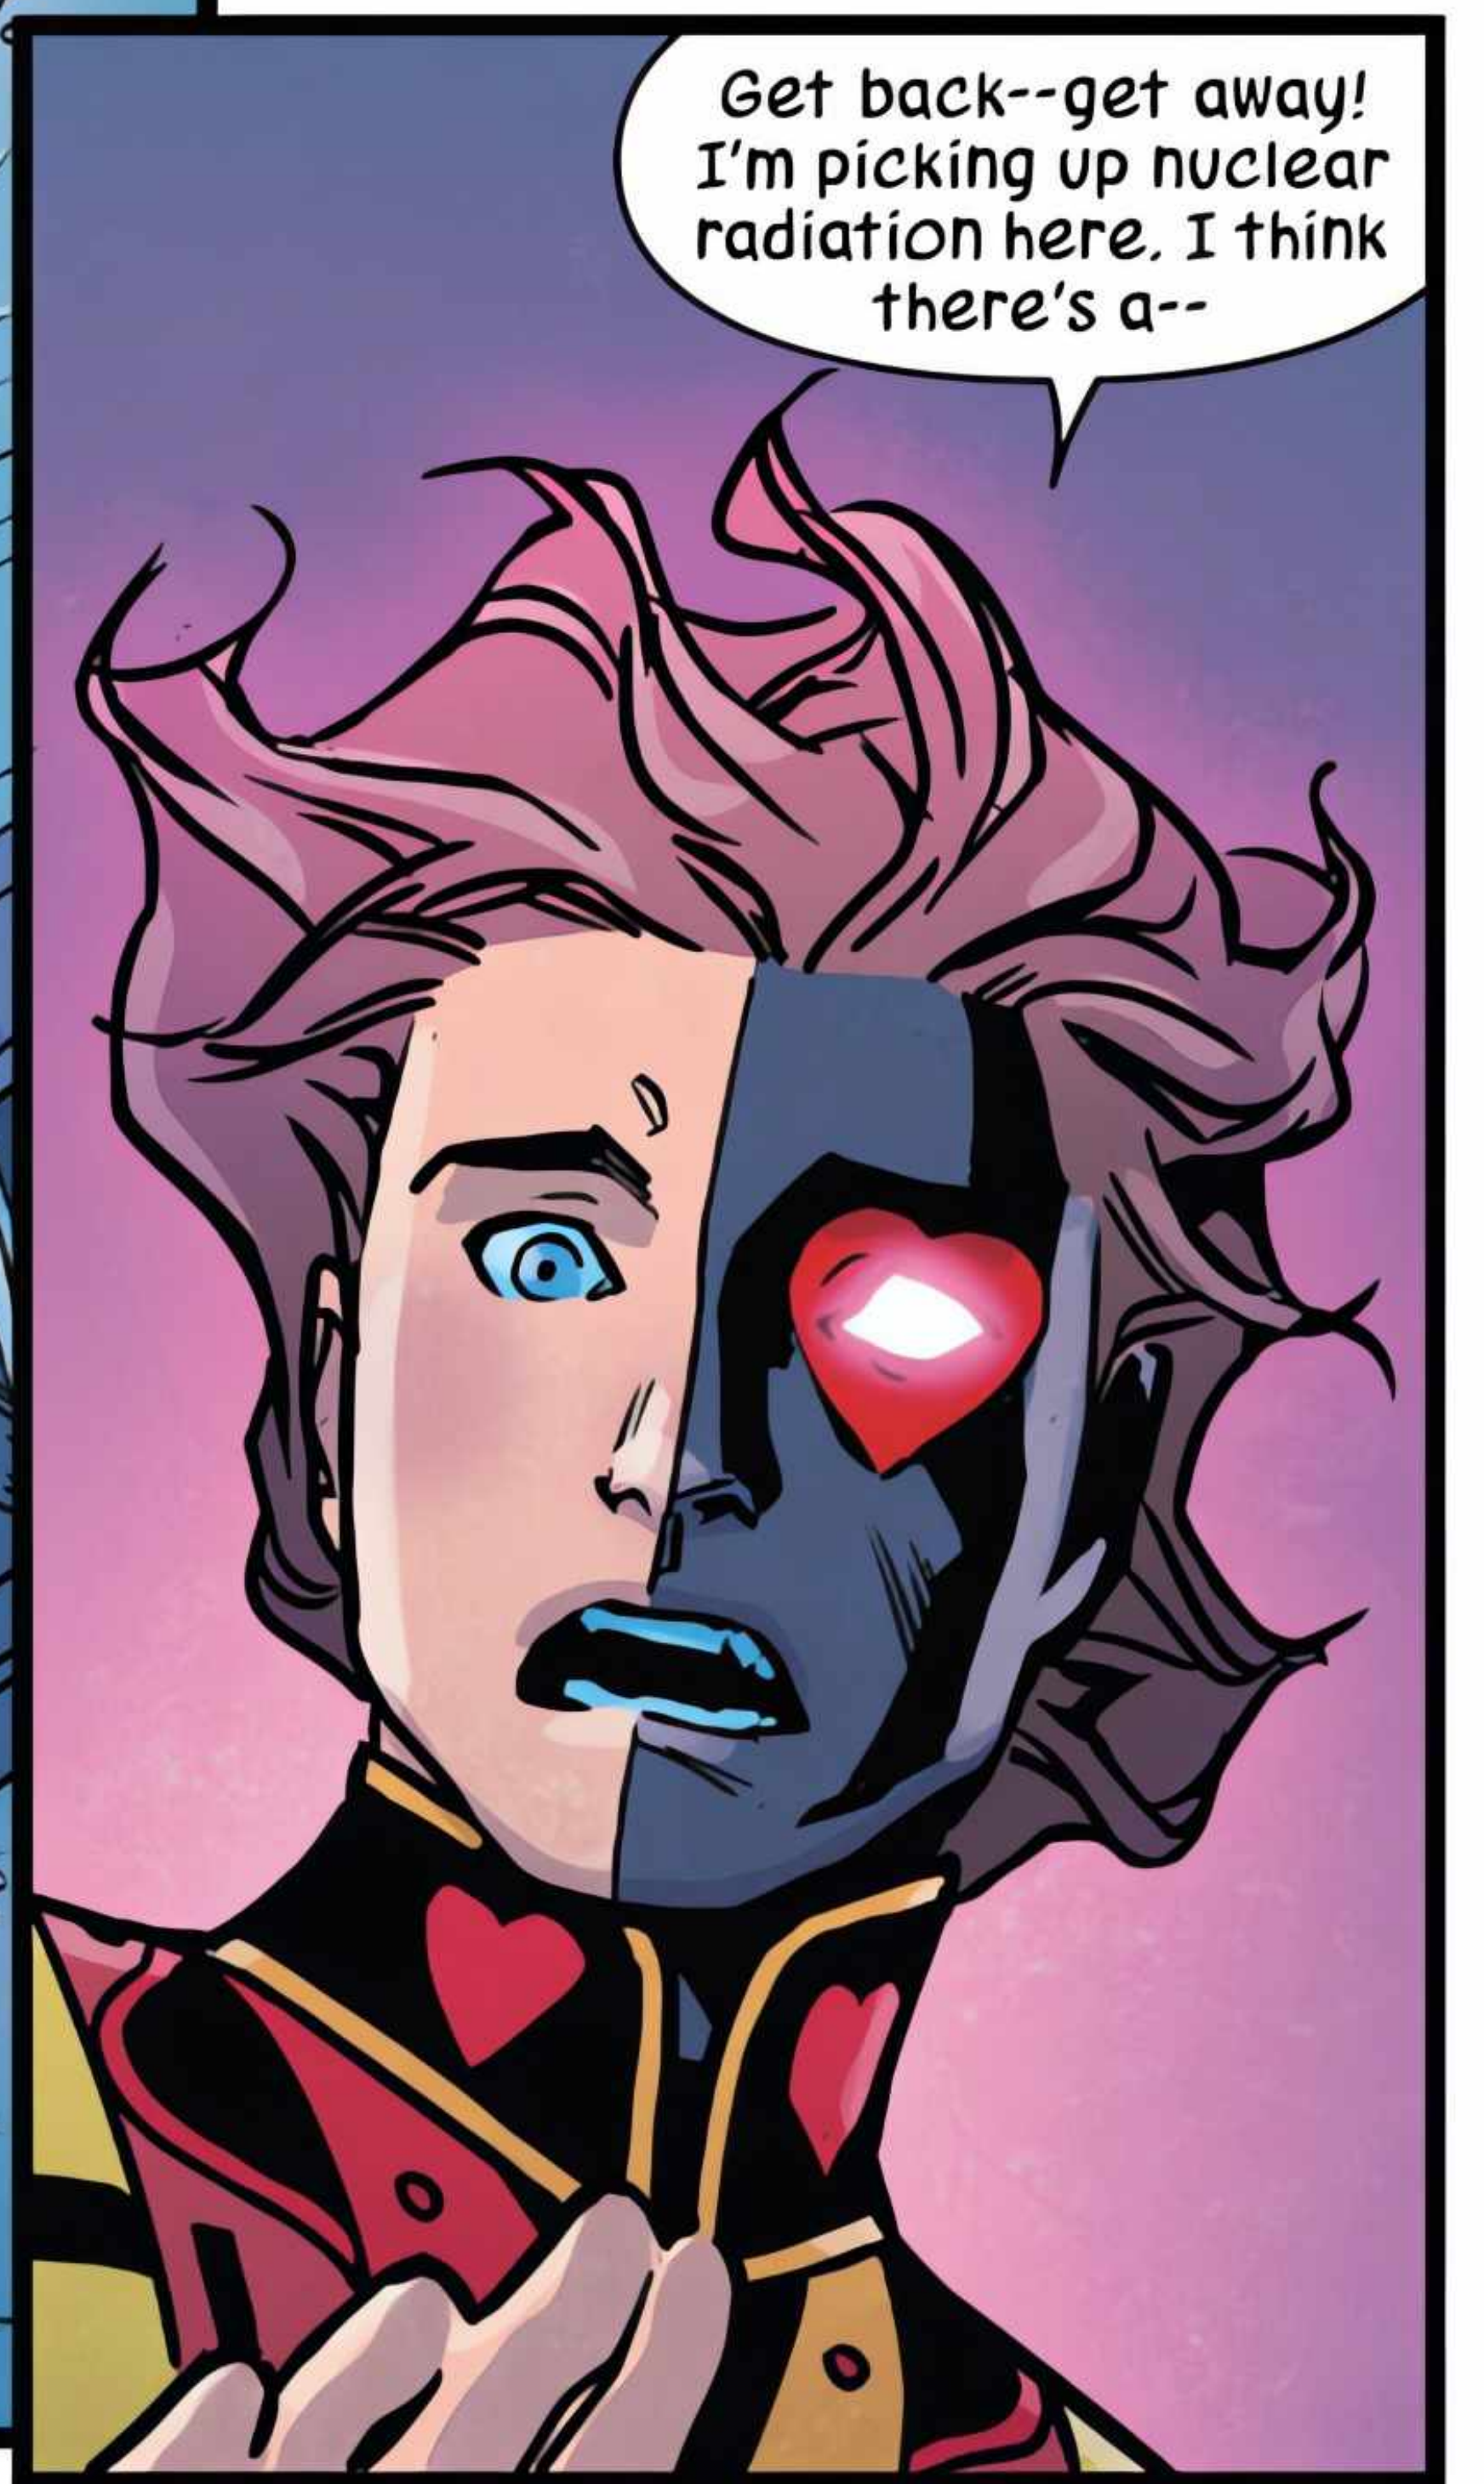

Jennifer!

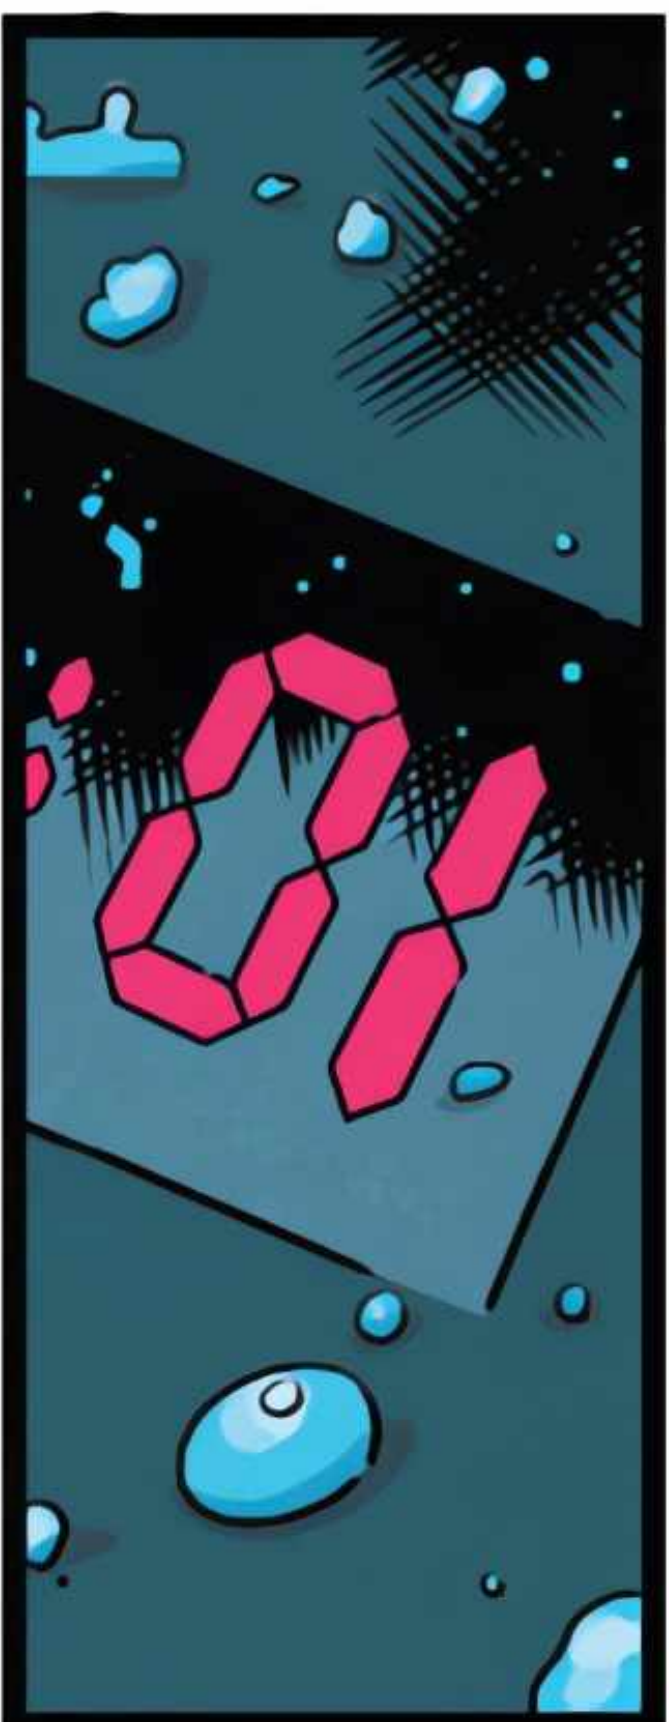

**JONATHAN "JACK" HART,
JACK OF HEARTS.**
Recently dead. More recently
depressed. Jen's secret boyfriend.

Jack!

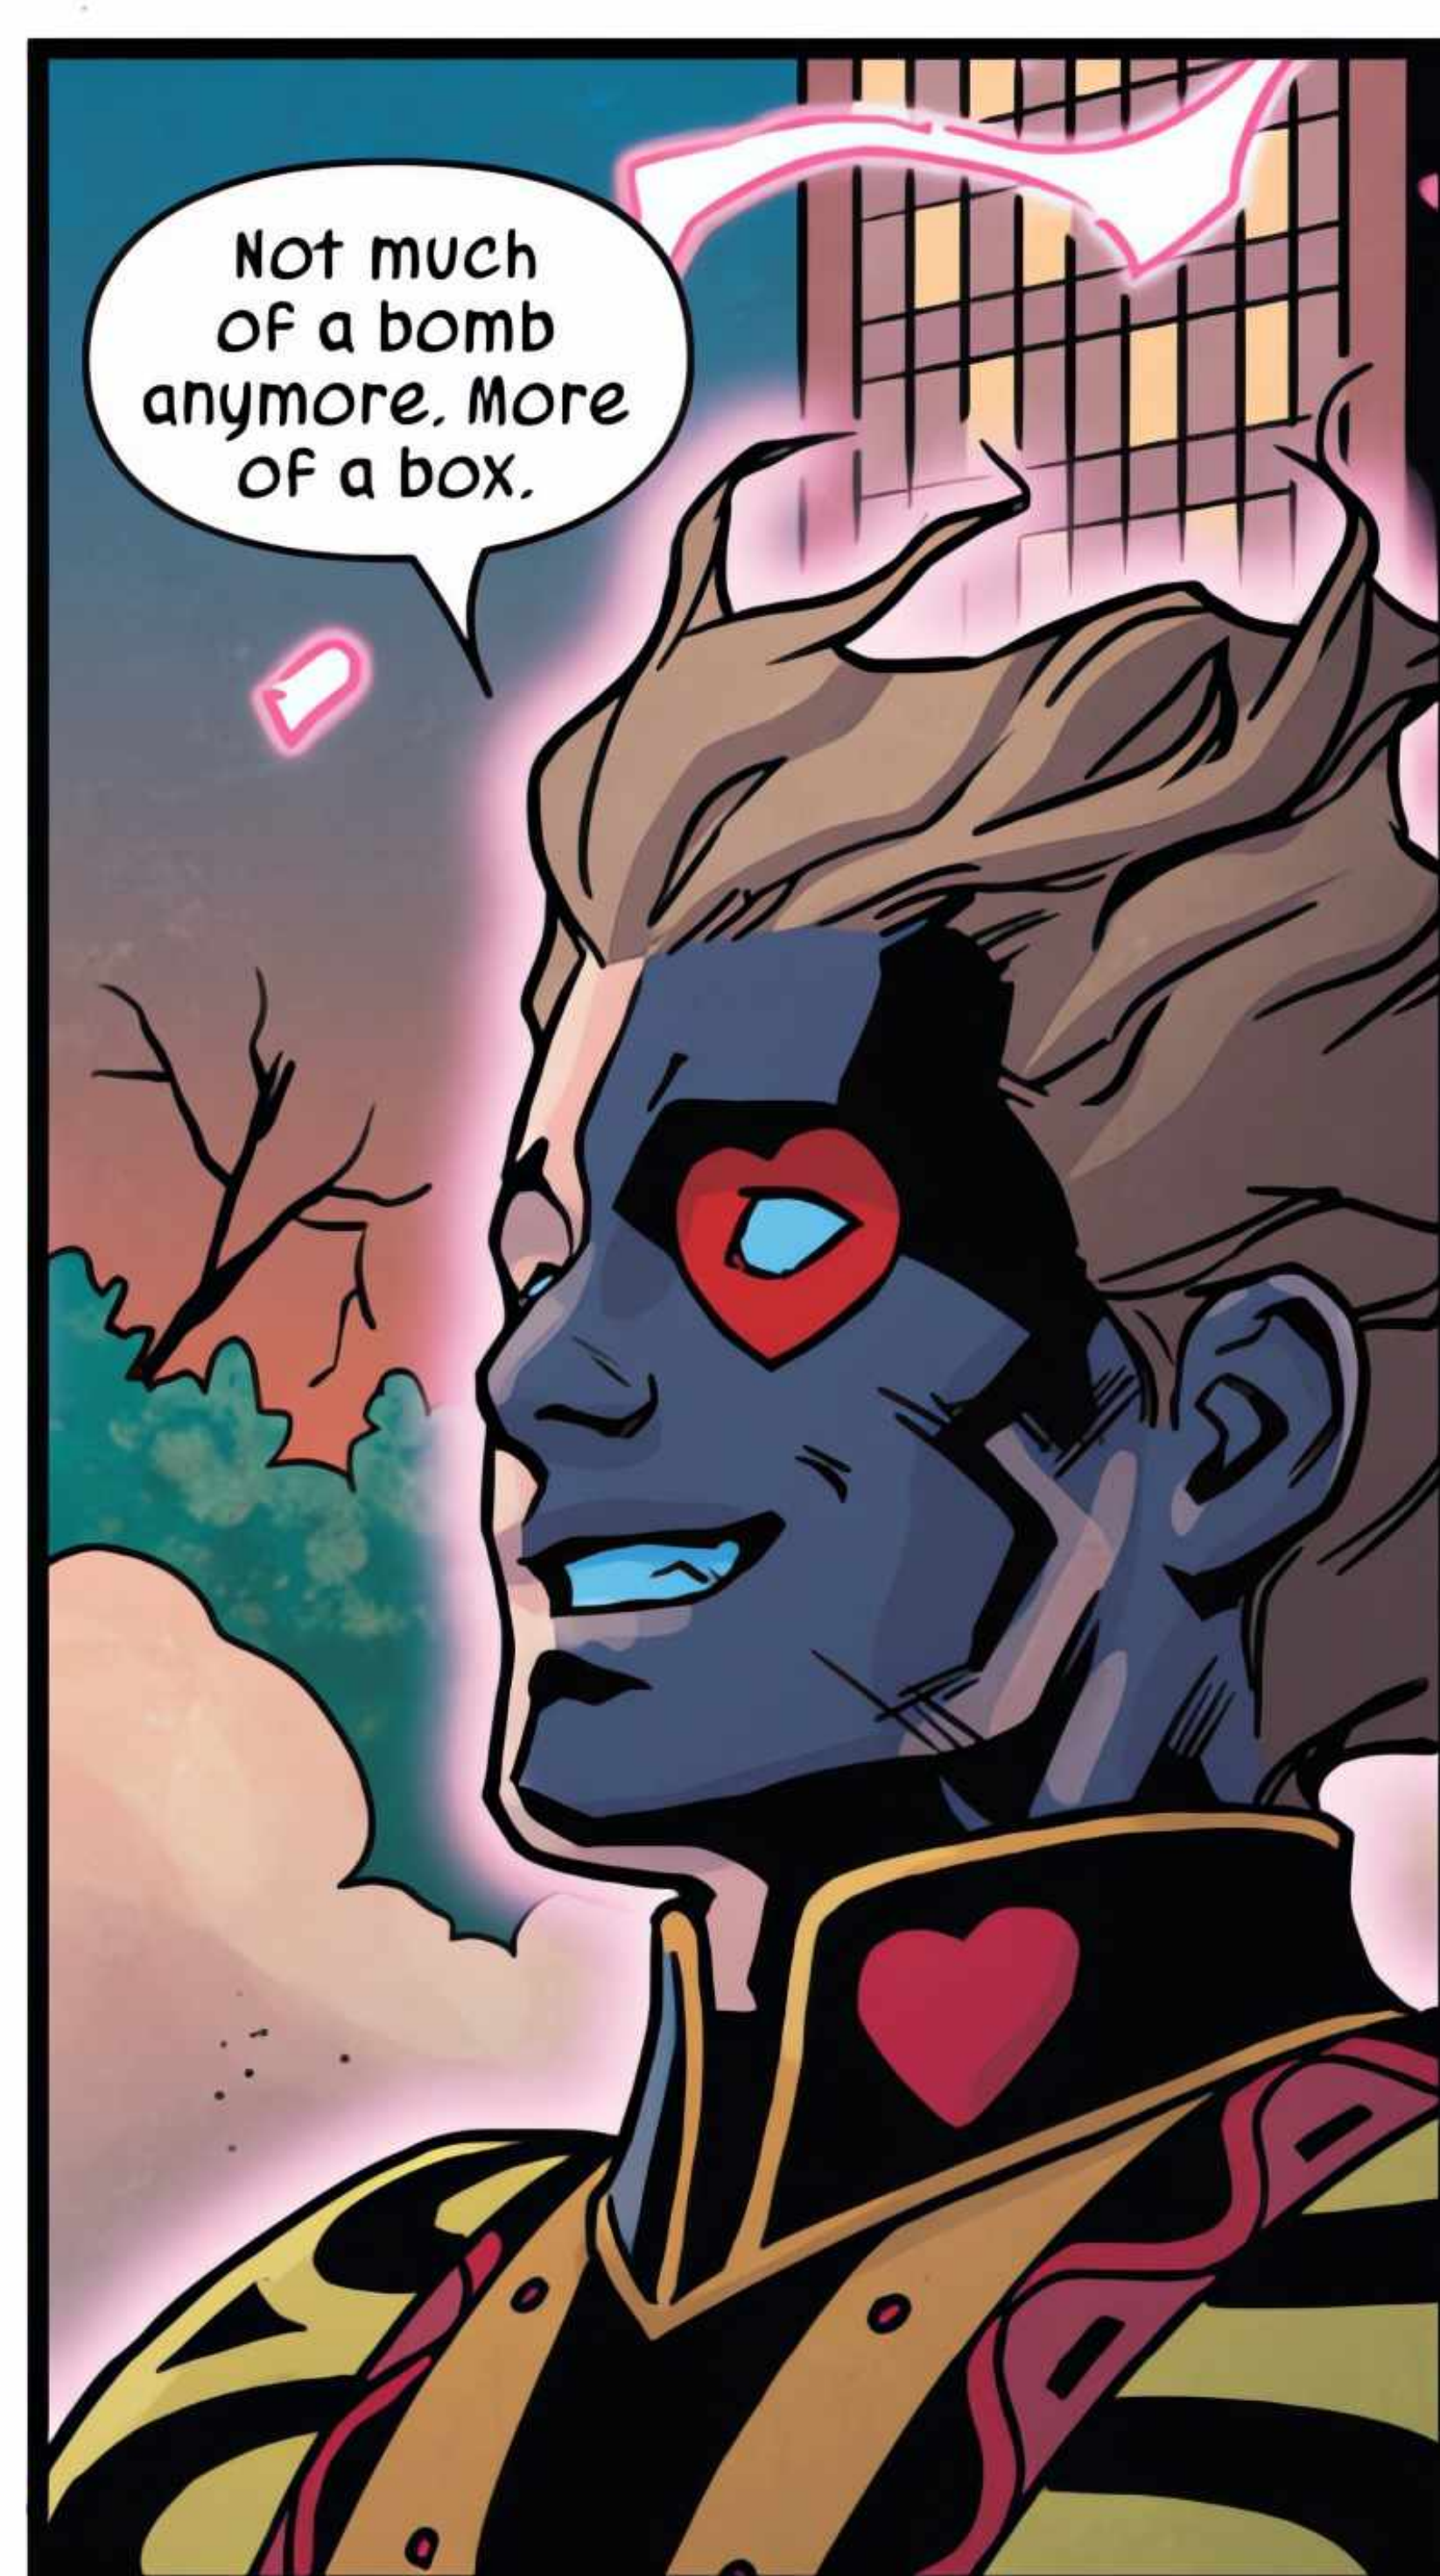

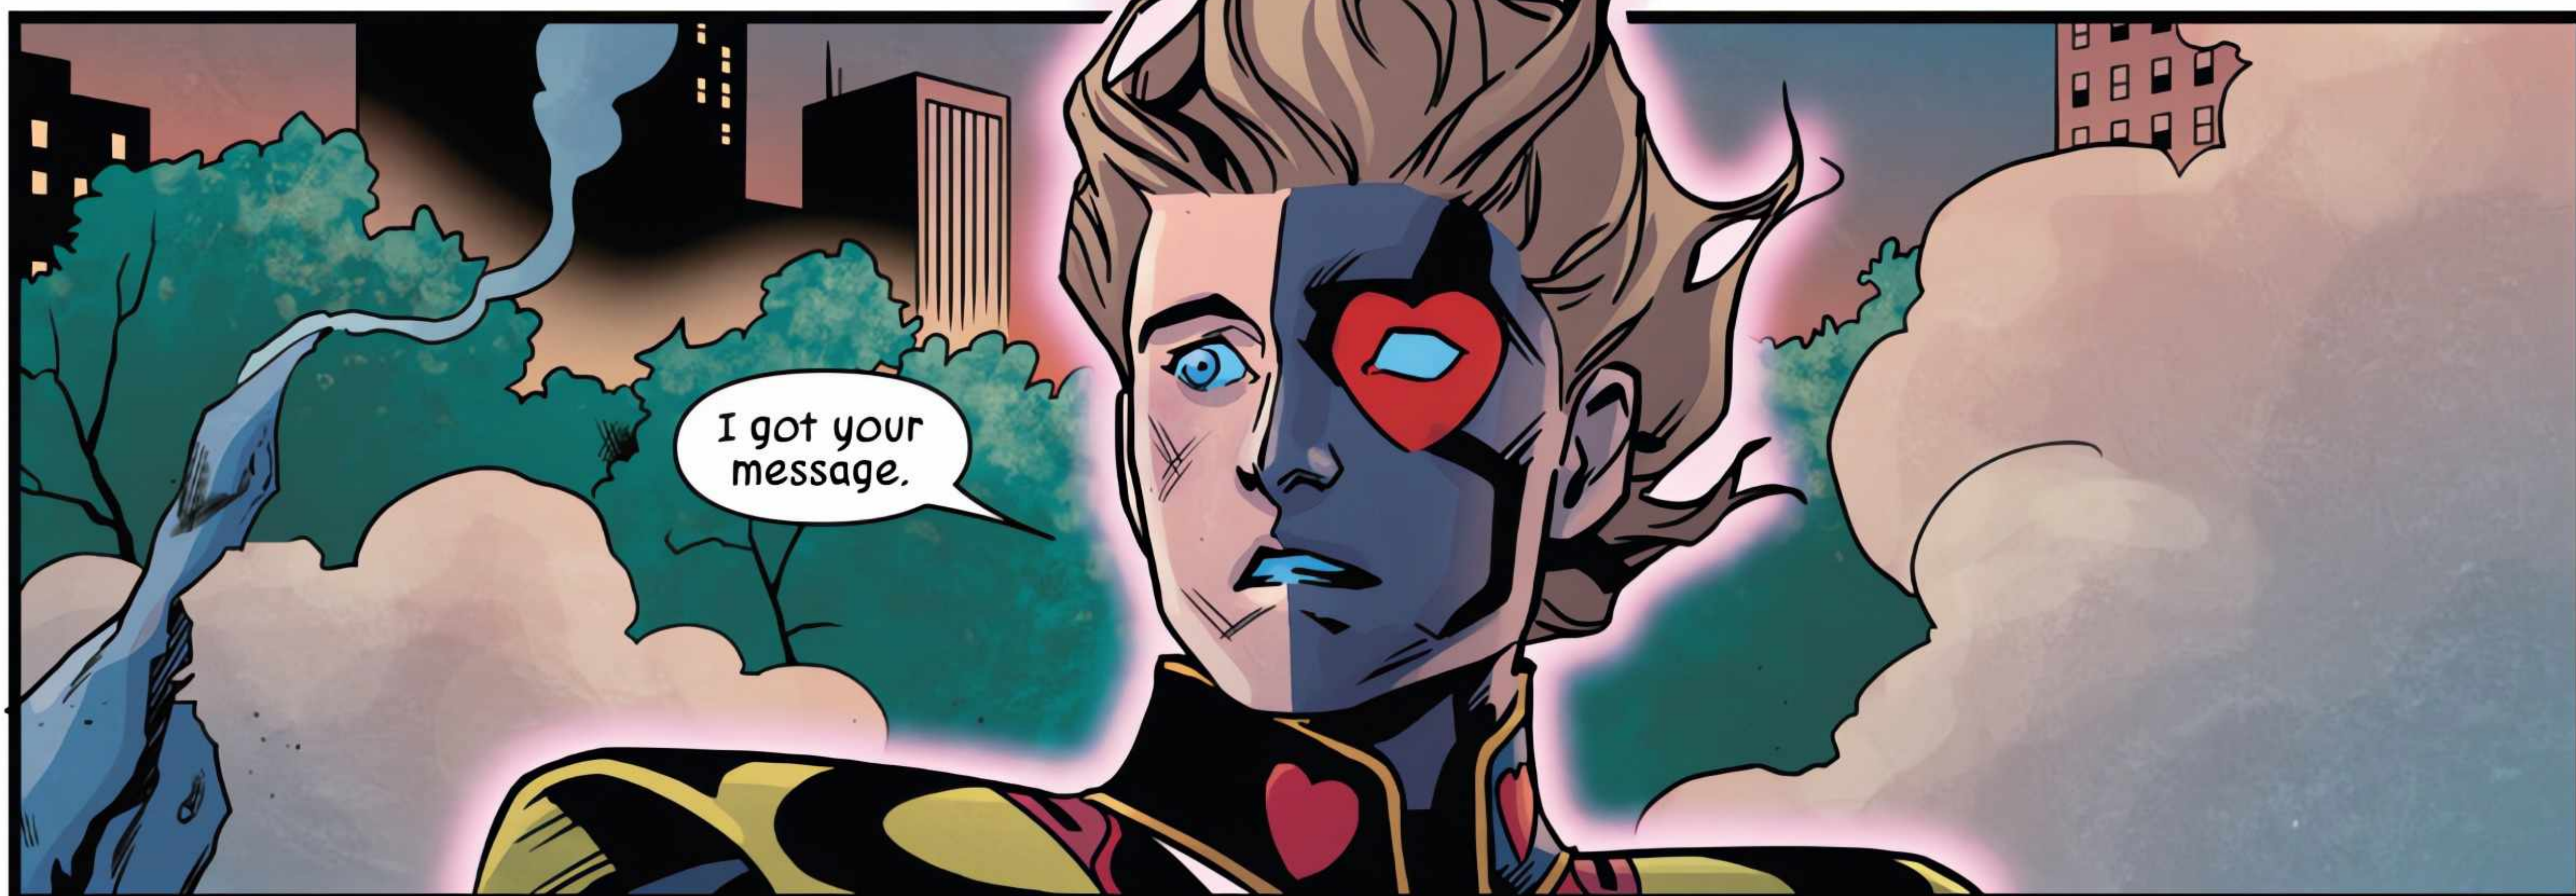

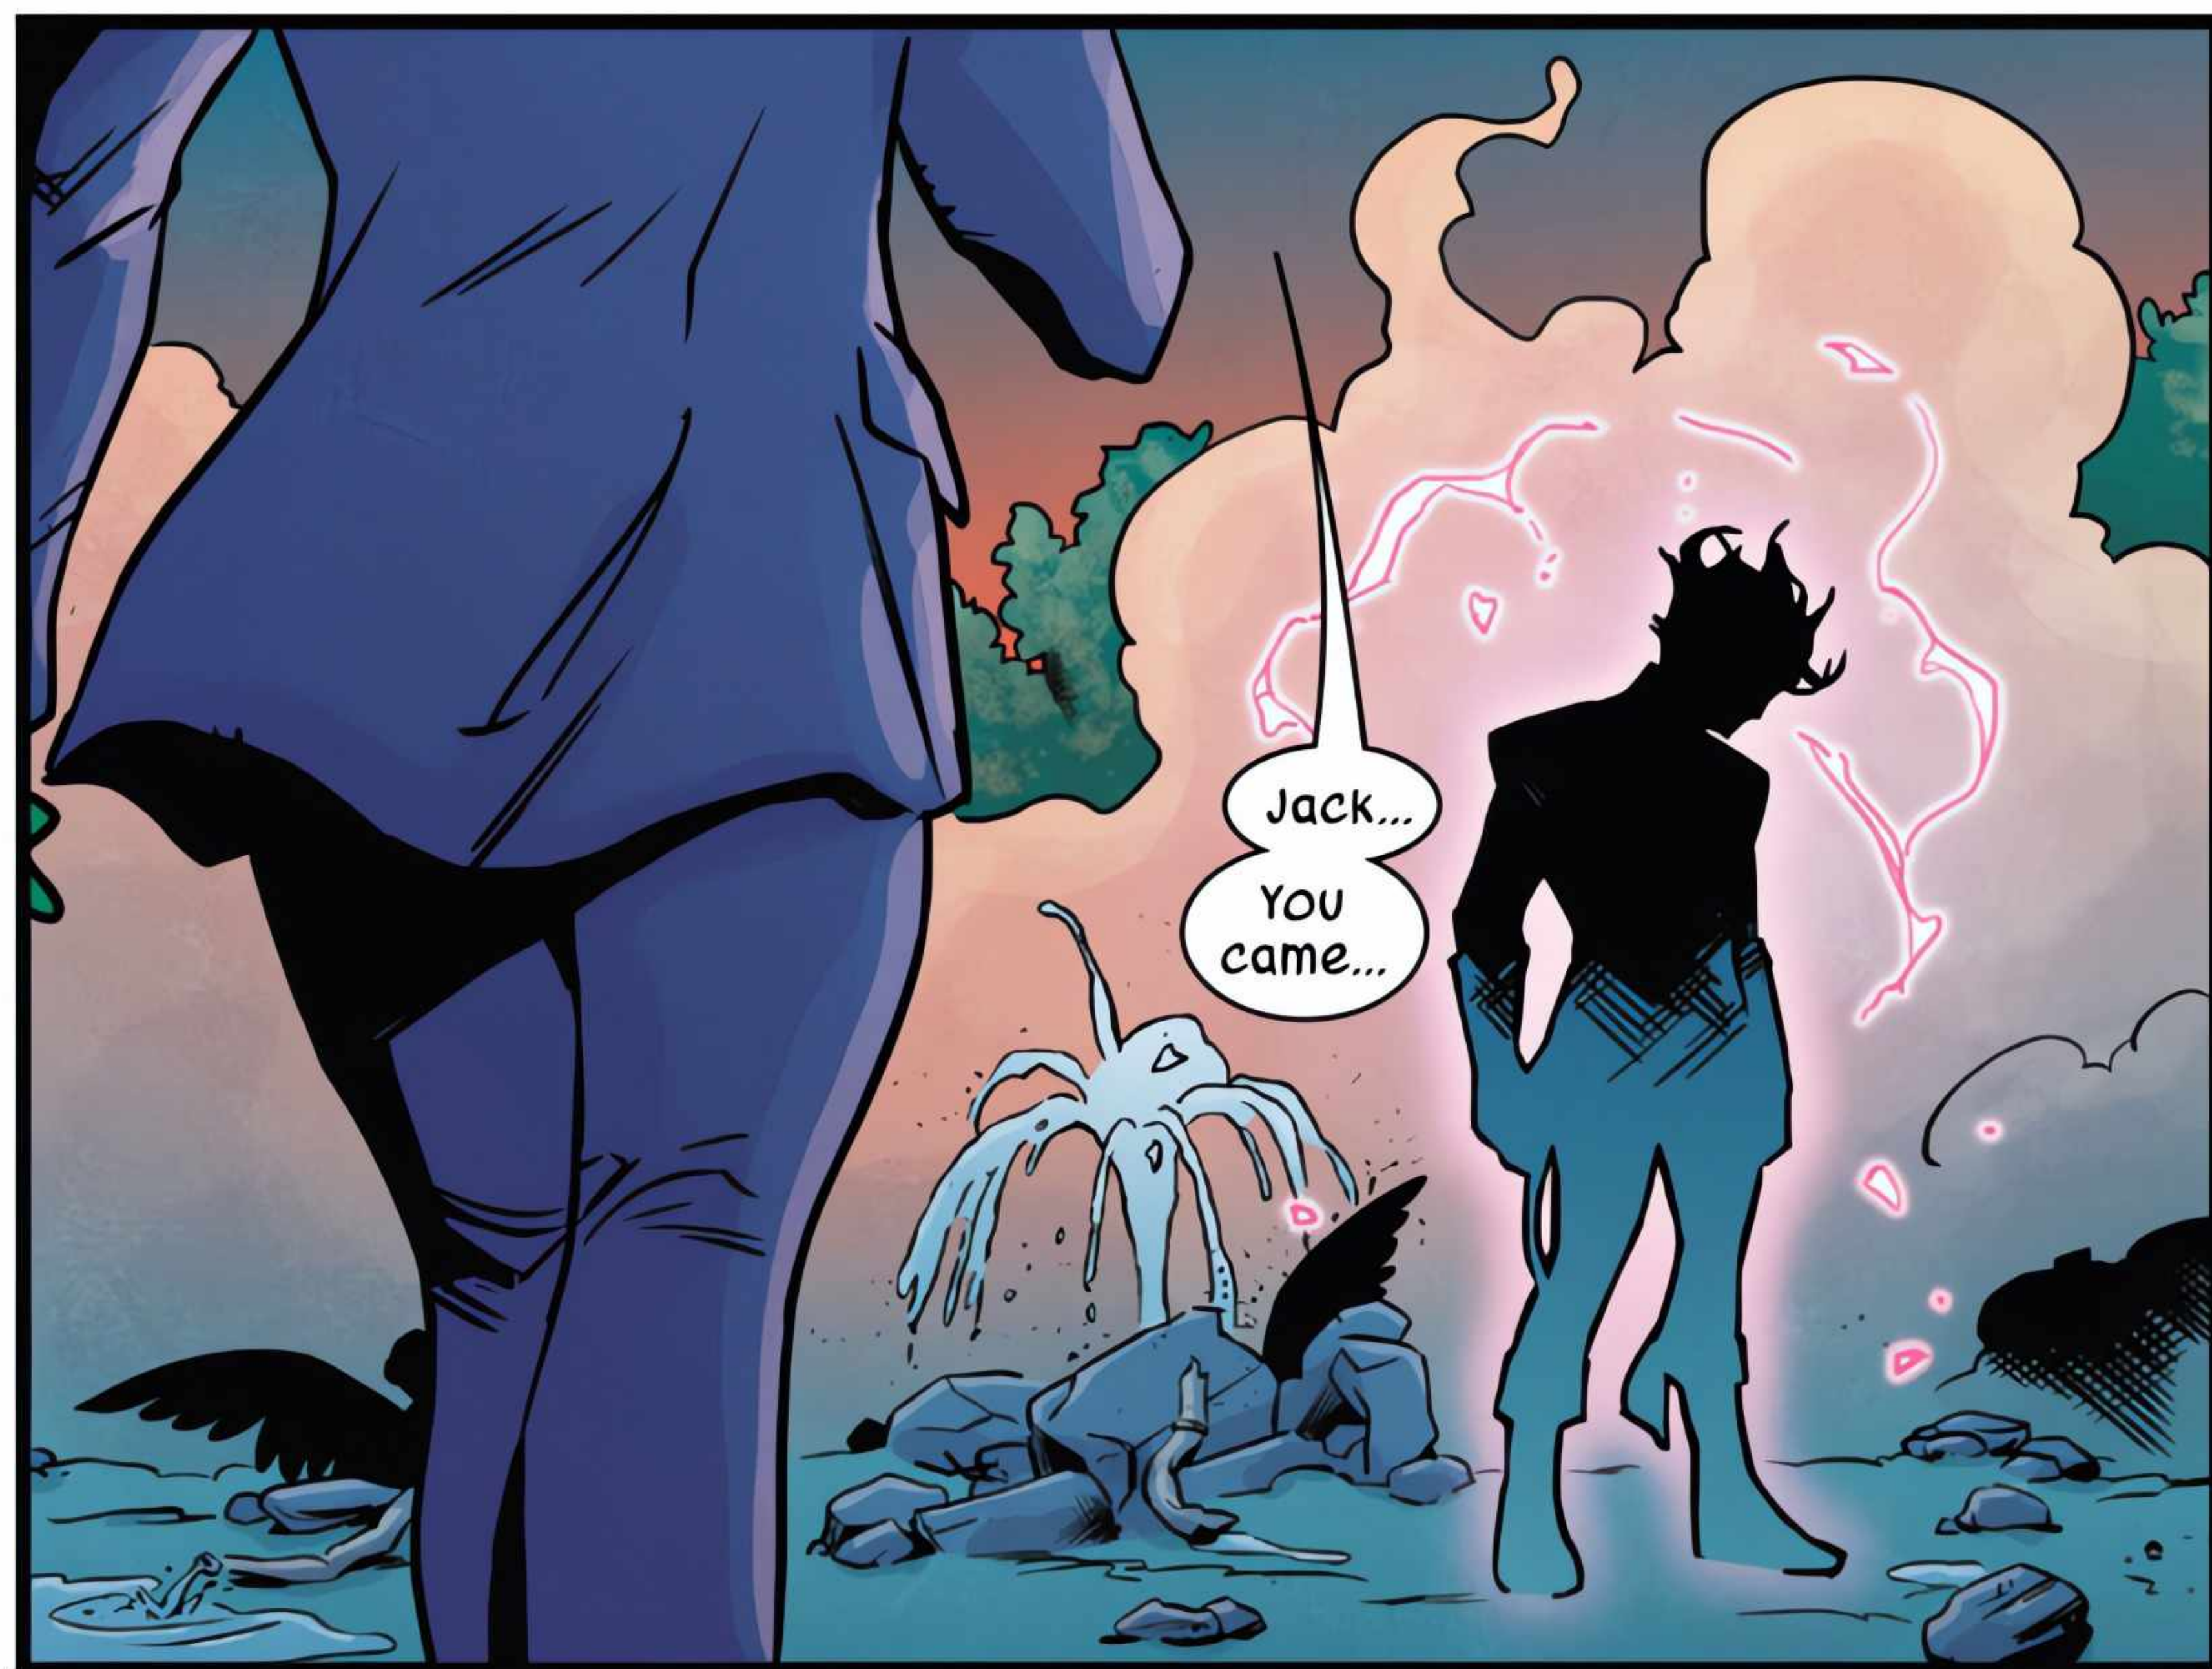

Get back--get away!
I'm picking up nuclear
radiation here. I think
there's a--

KA-
THOOOOOOM

You're amazing. Do you know that? You're astonishing.

Nah, I'm a one-trick pony.

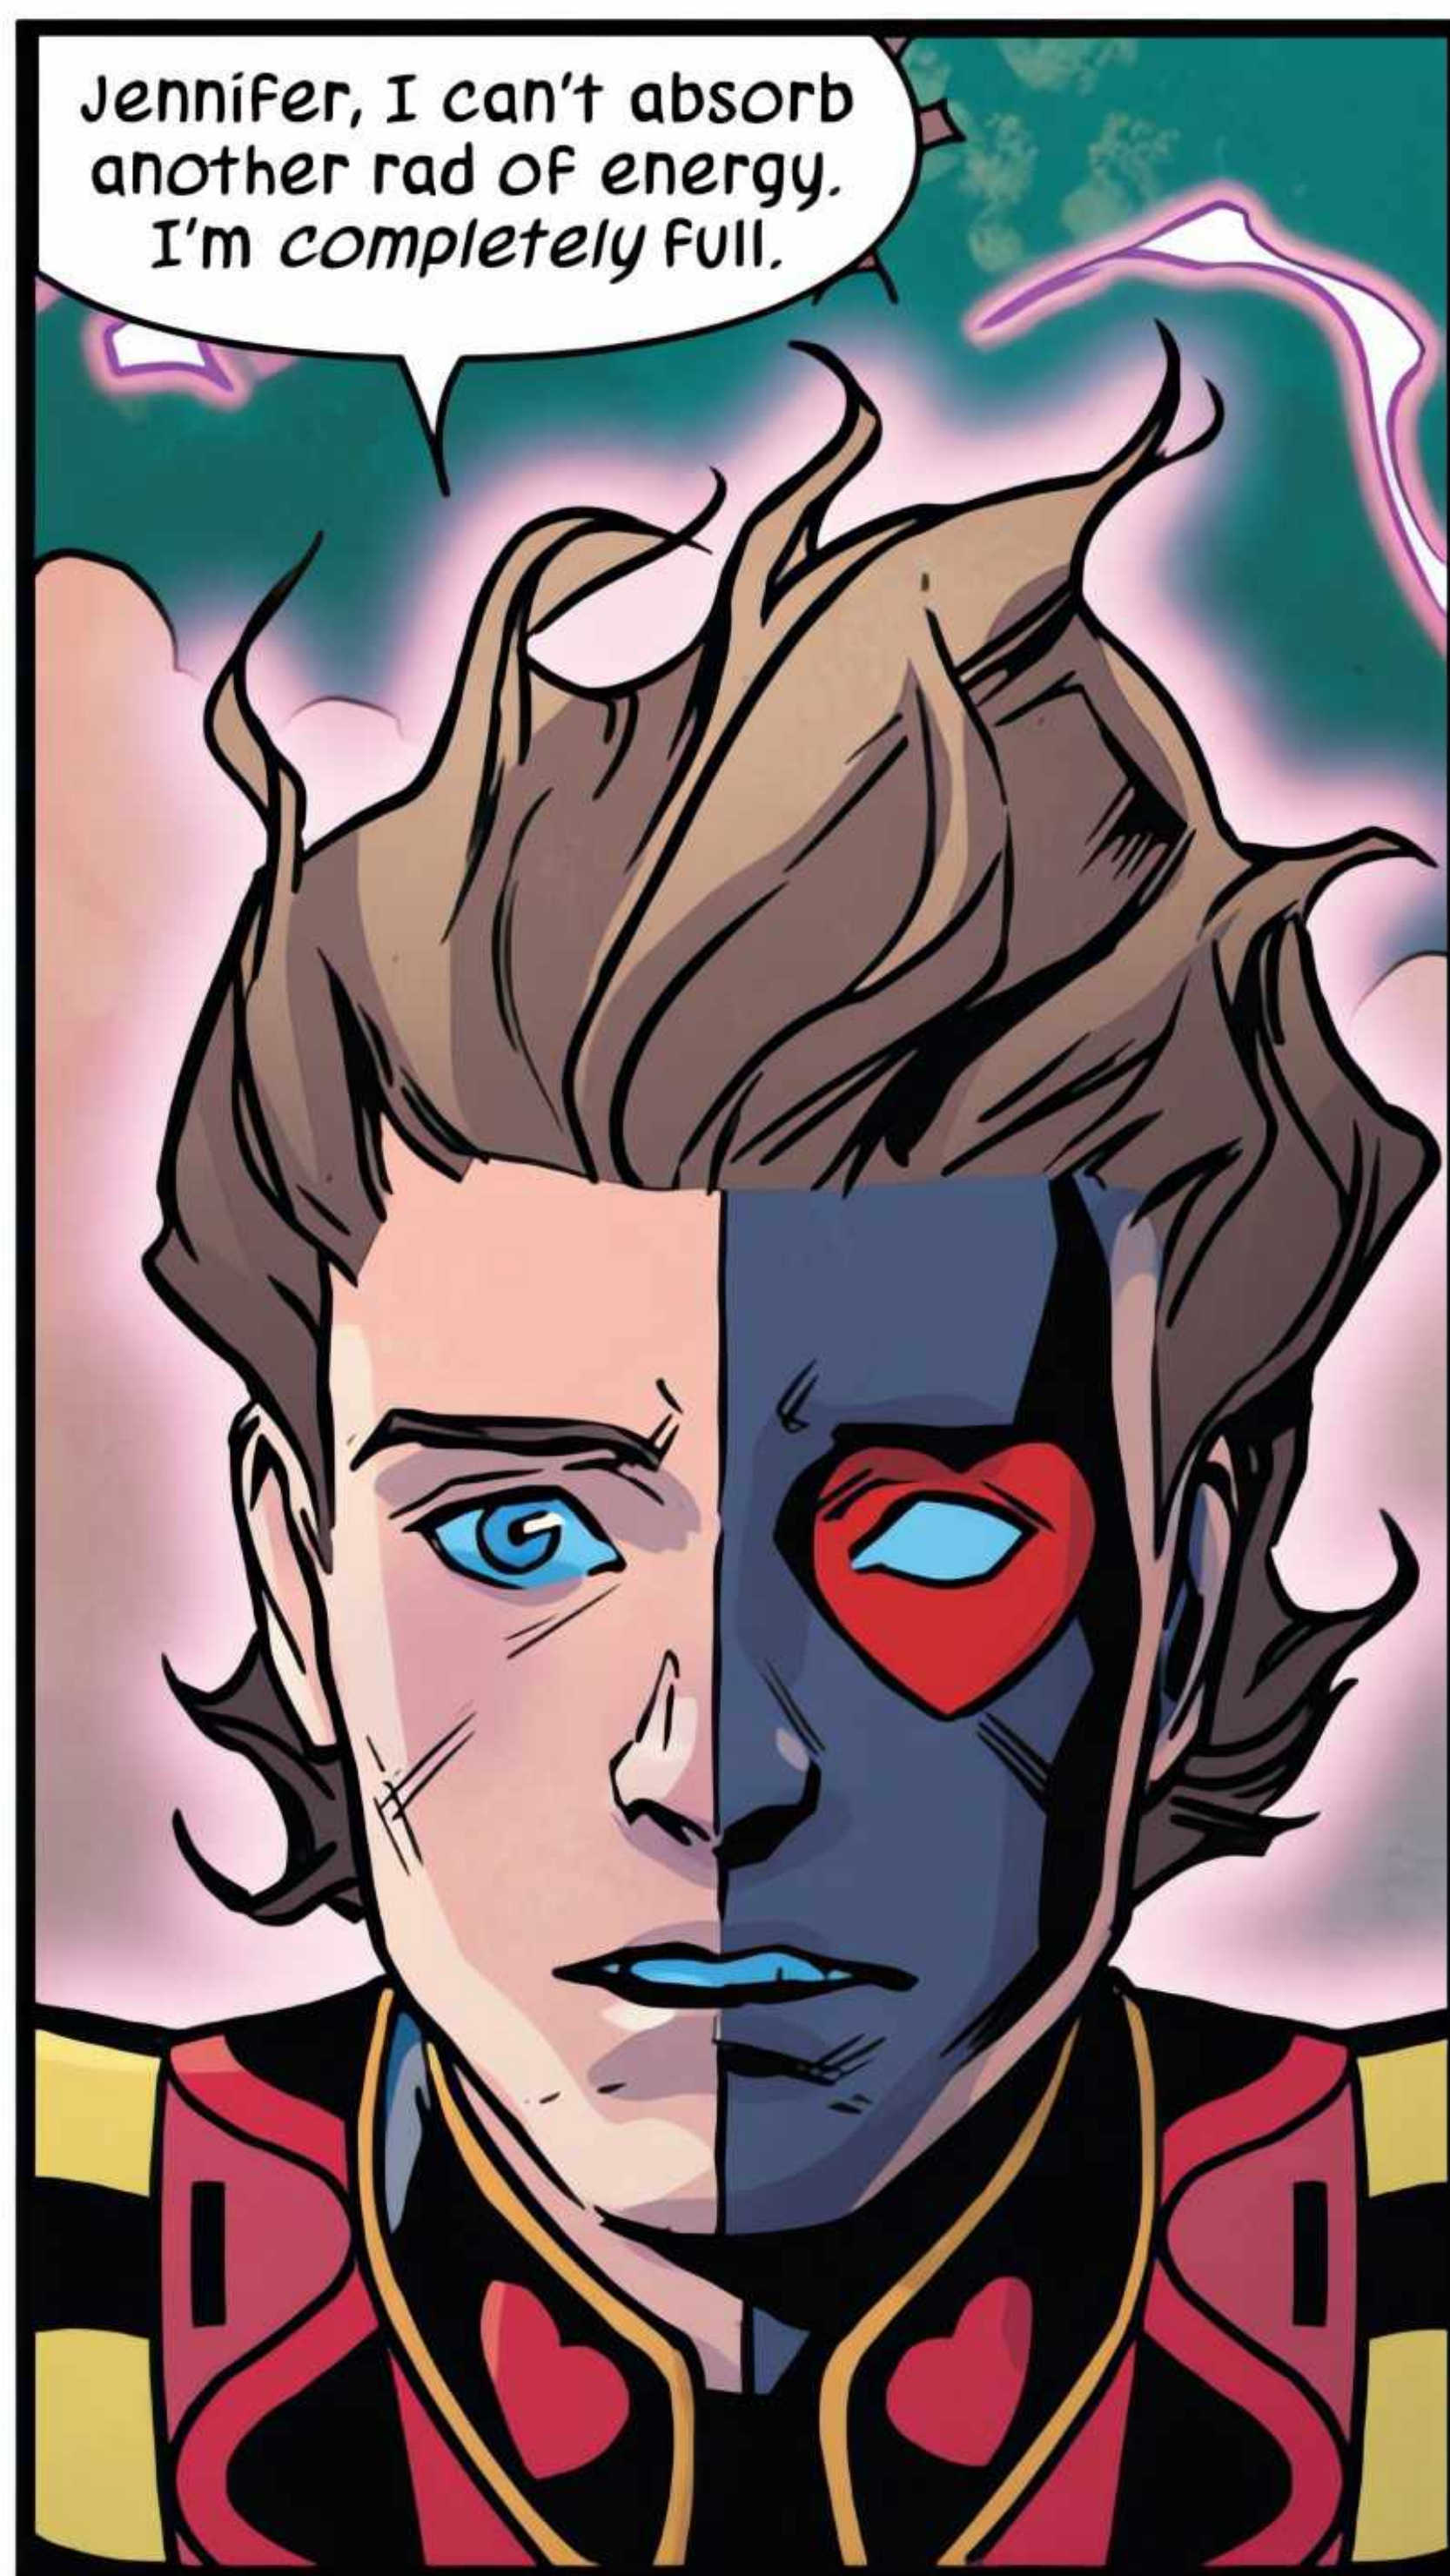

It's a pretty impressive trick.

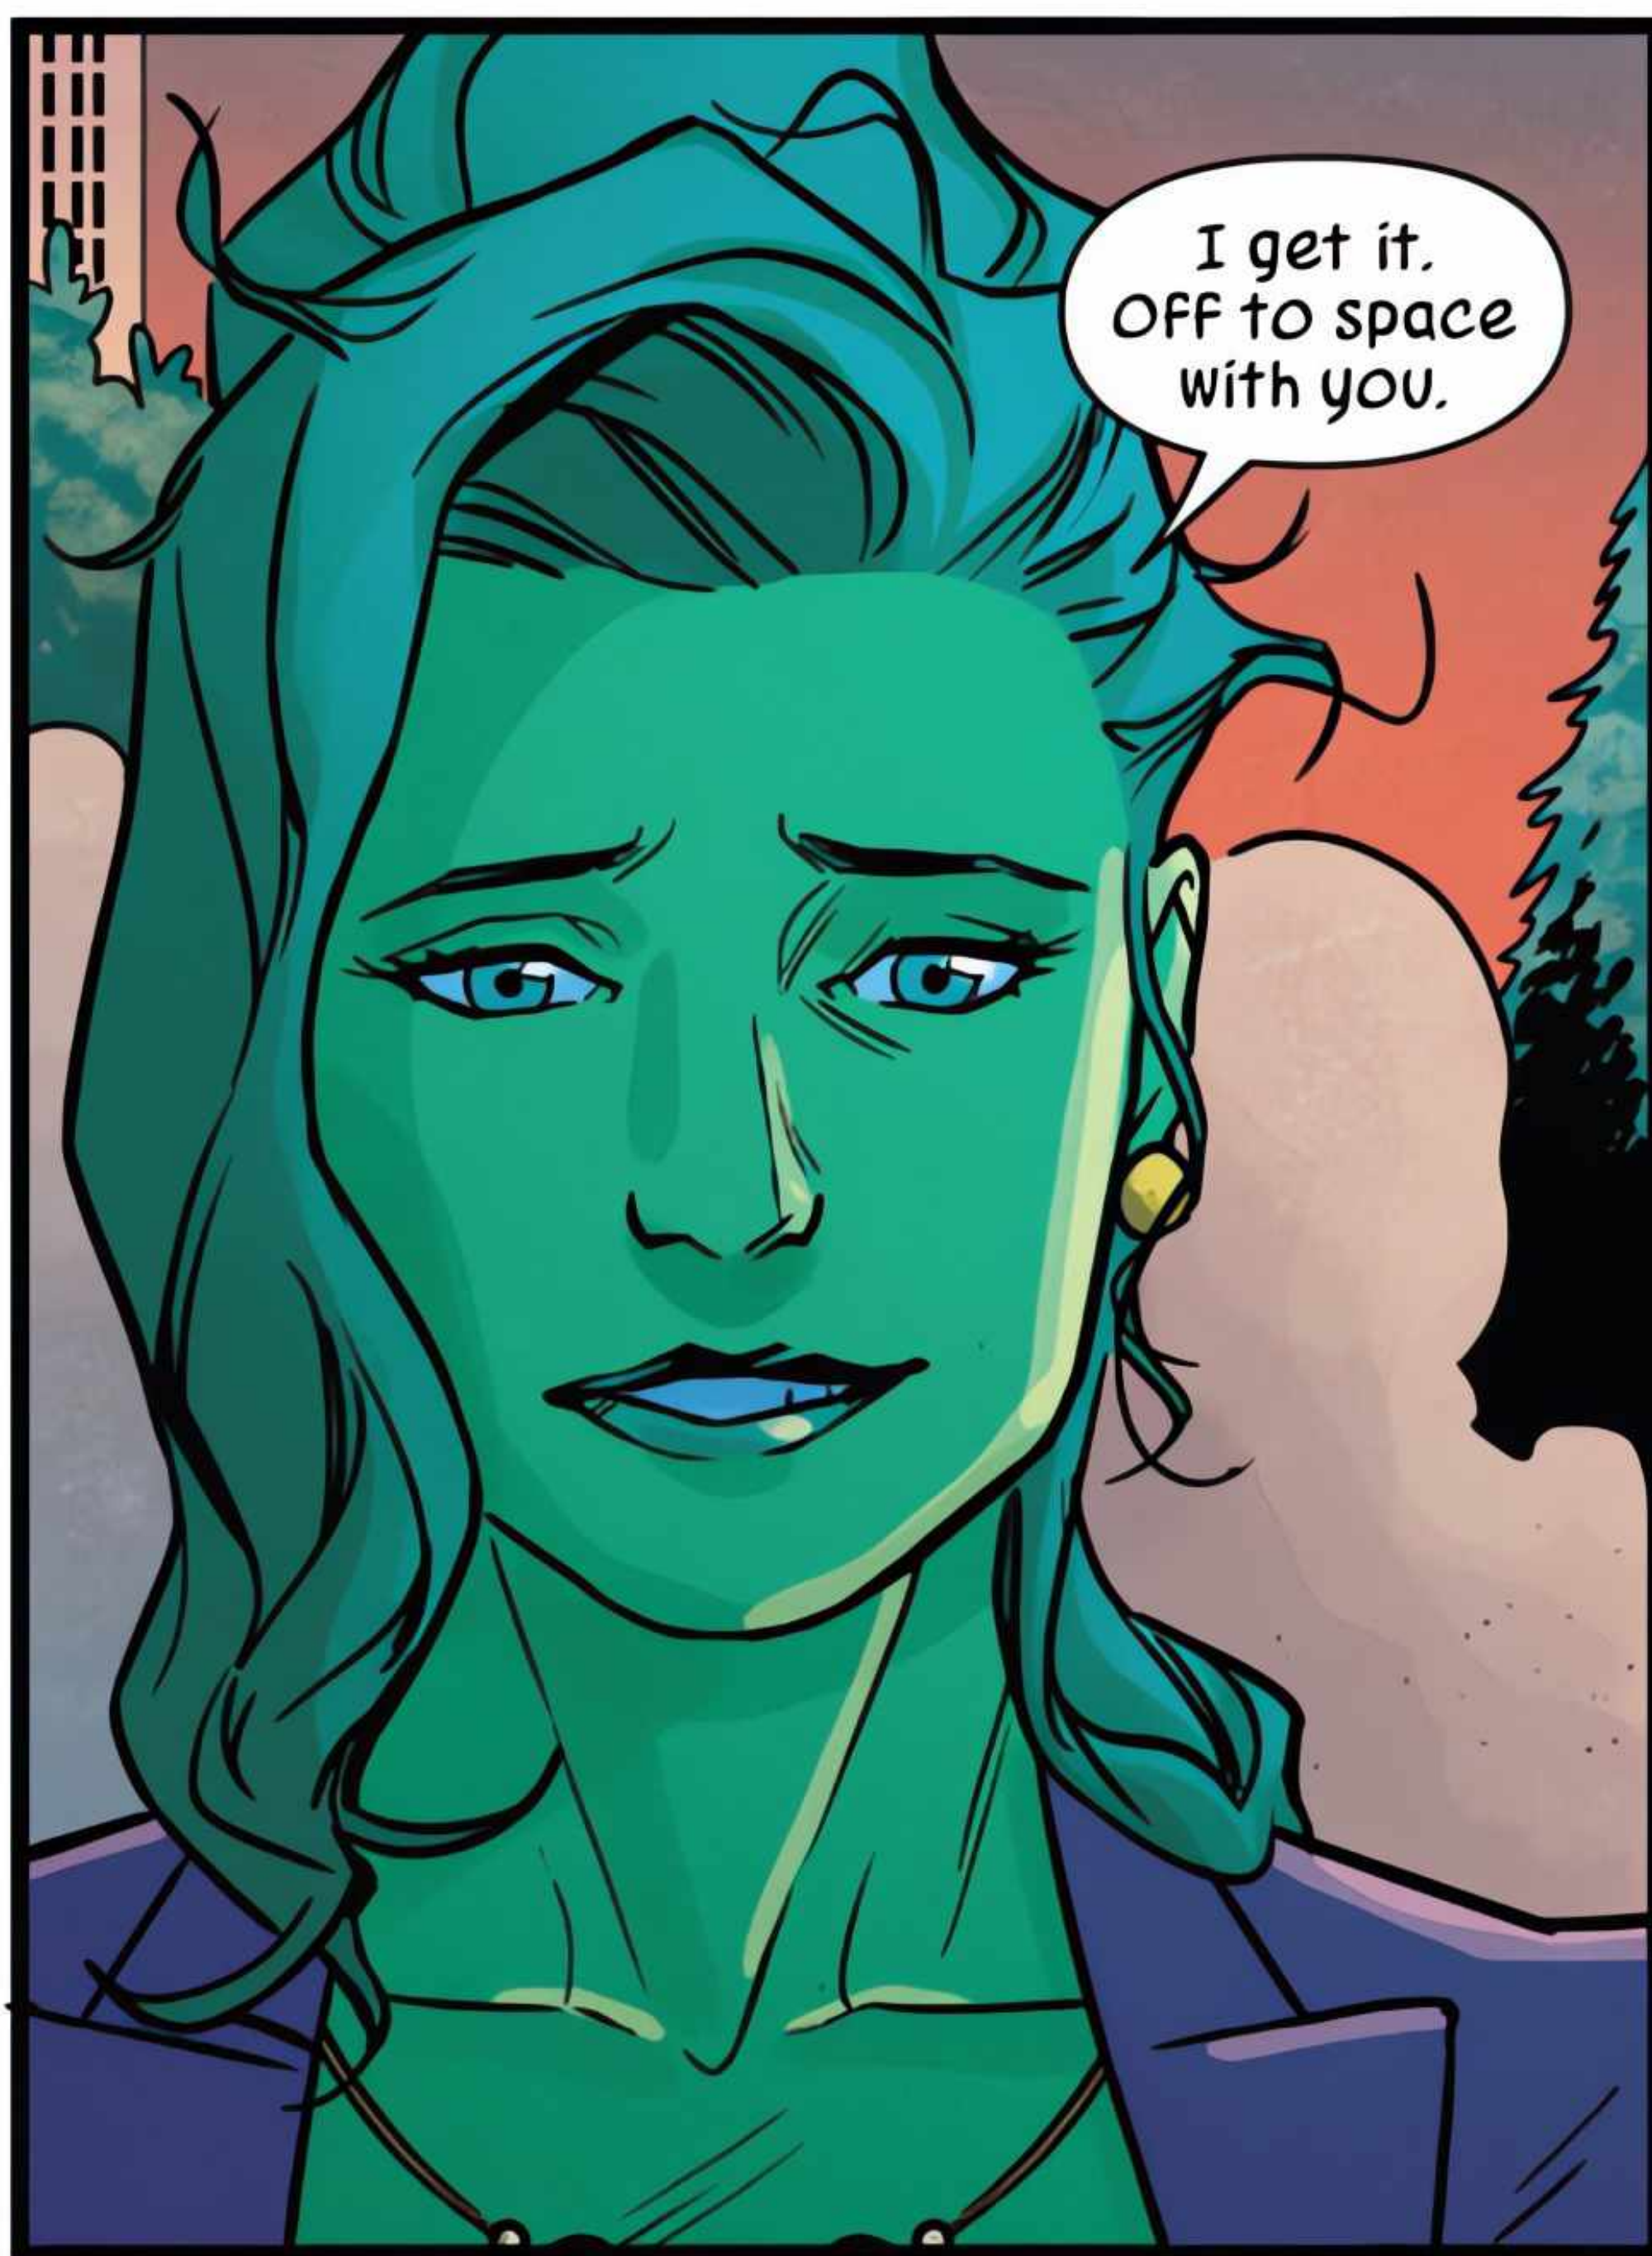

I guess you have to go shoot all that into the sun now.

In a minute.

In a minute?

Jennifer, I can't absorb another rad of energy. I'm completely full.

I get it. Off to space with you.

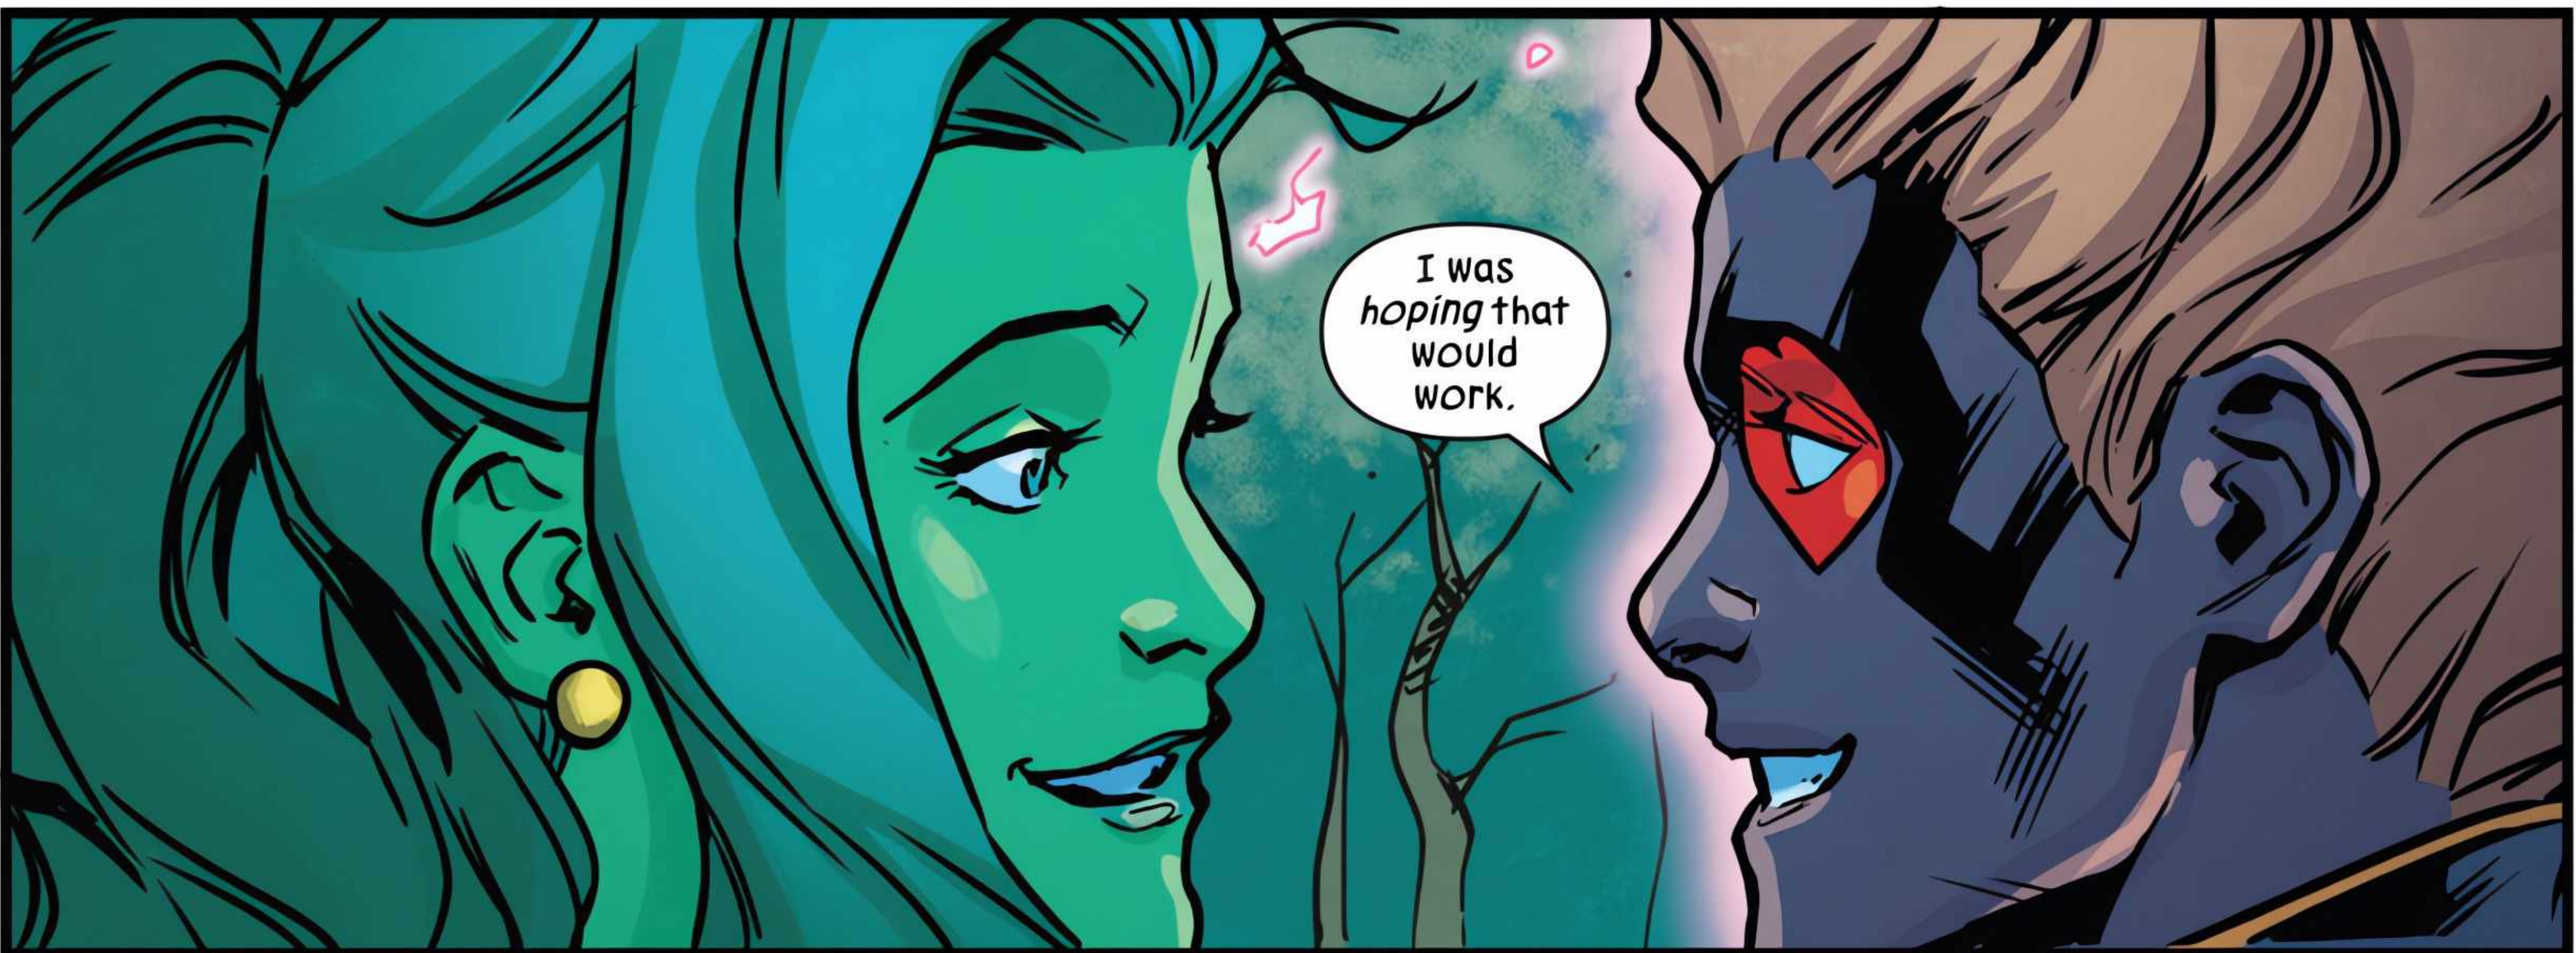

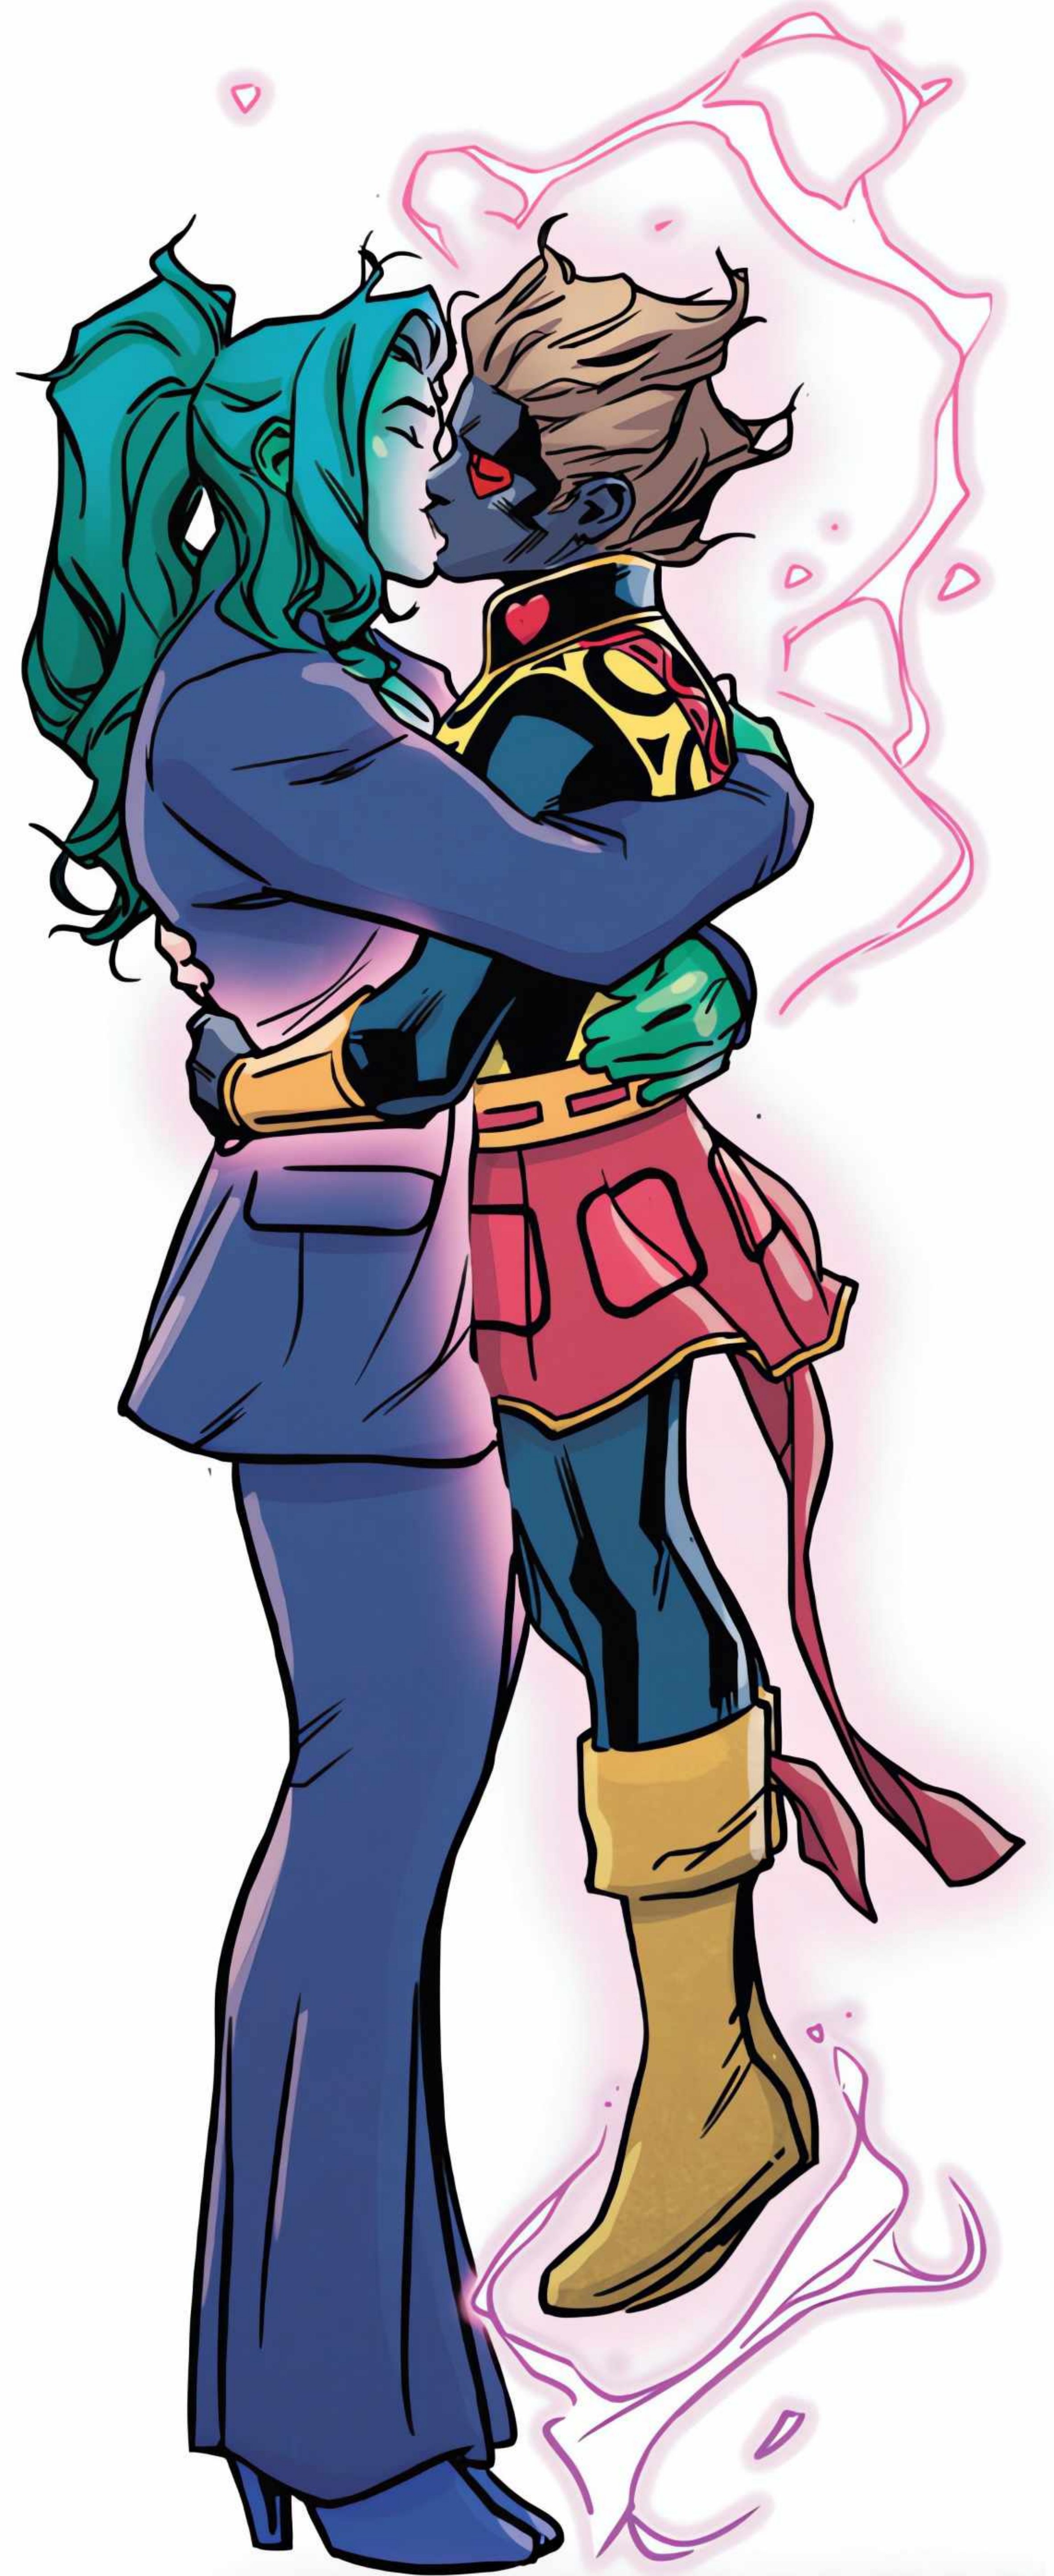

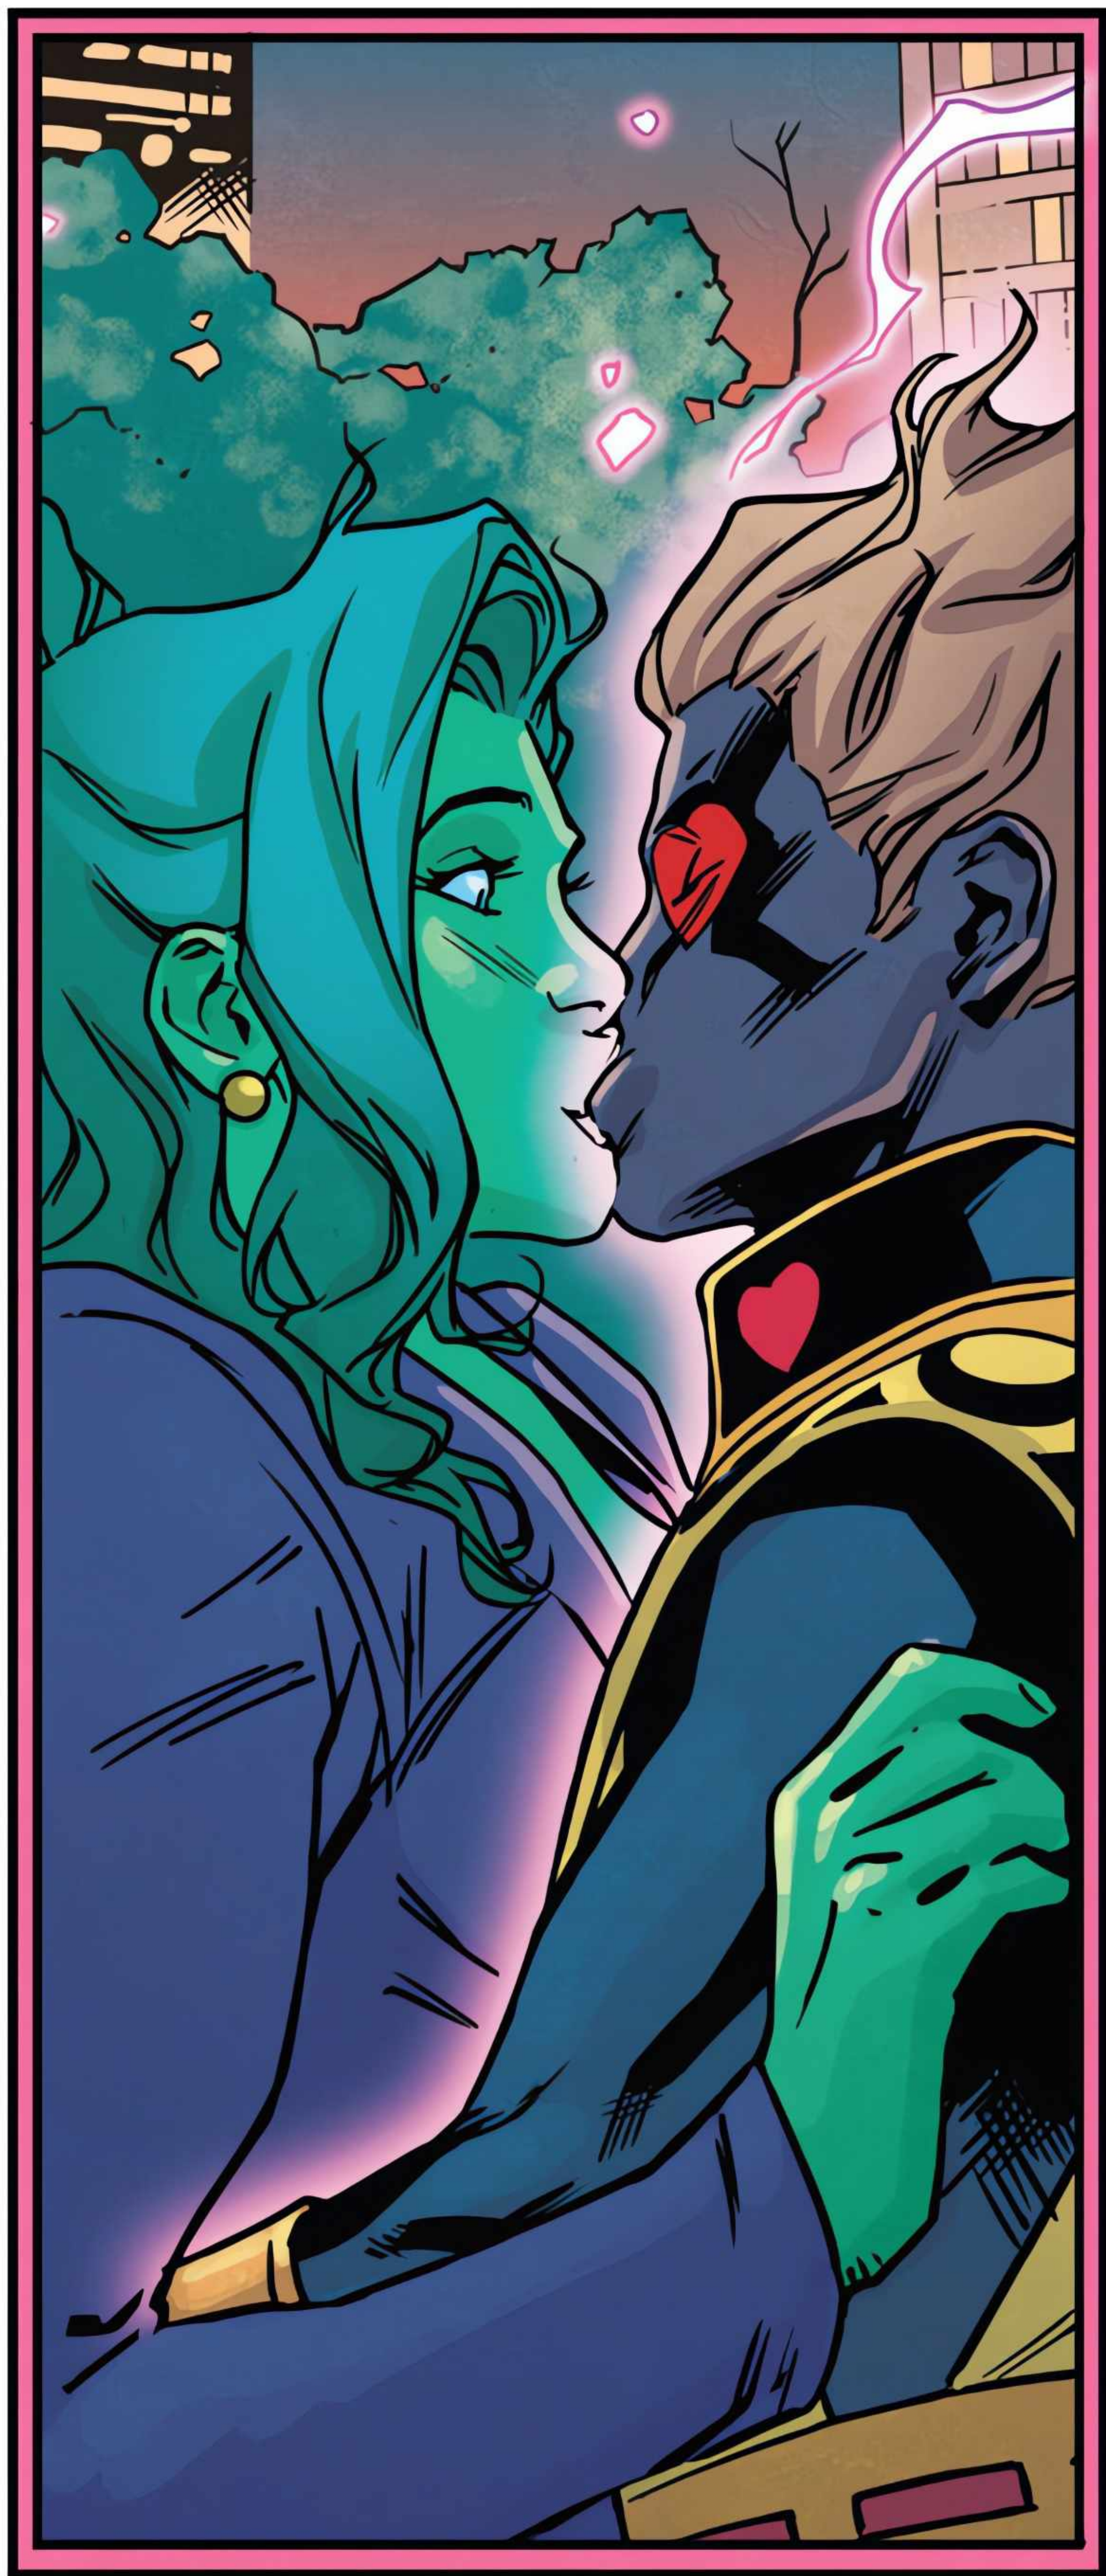

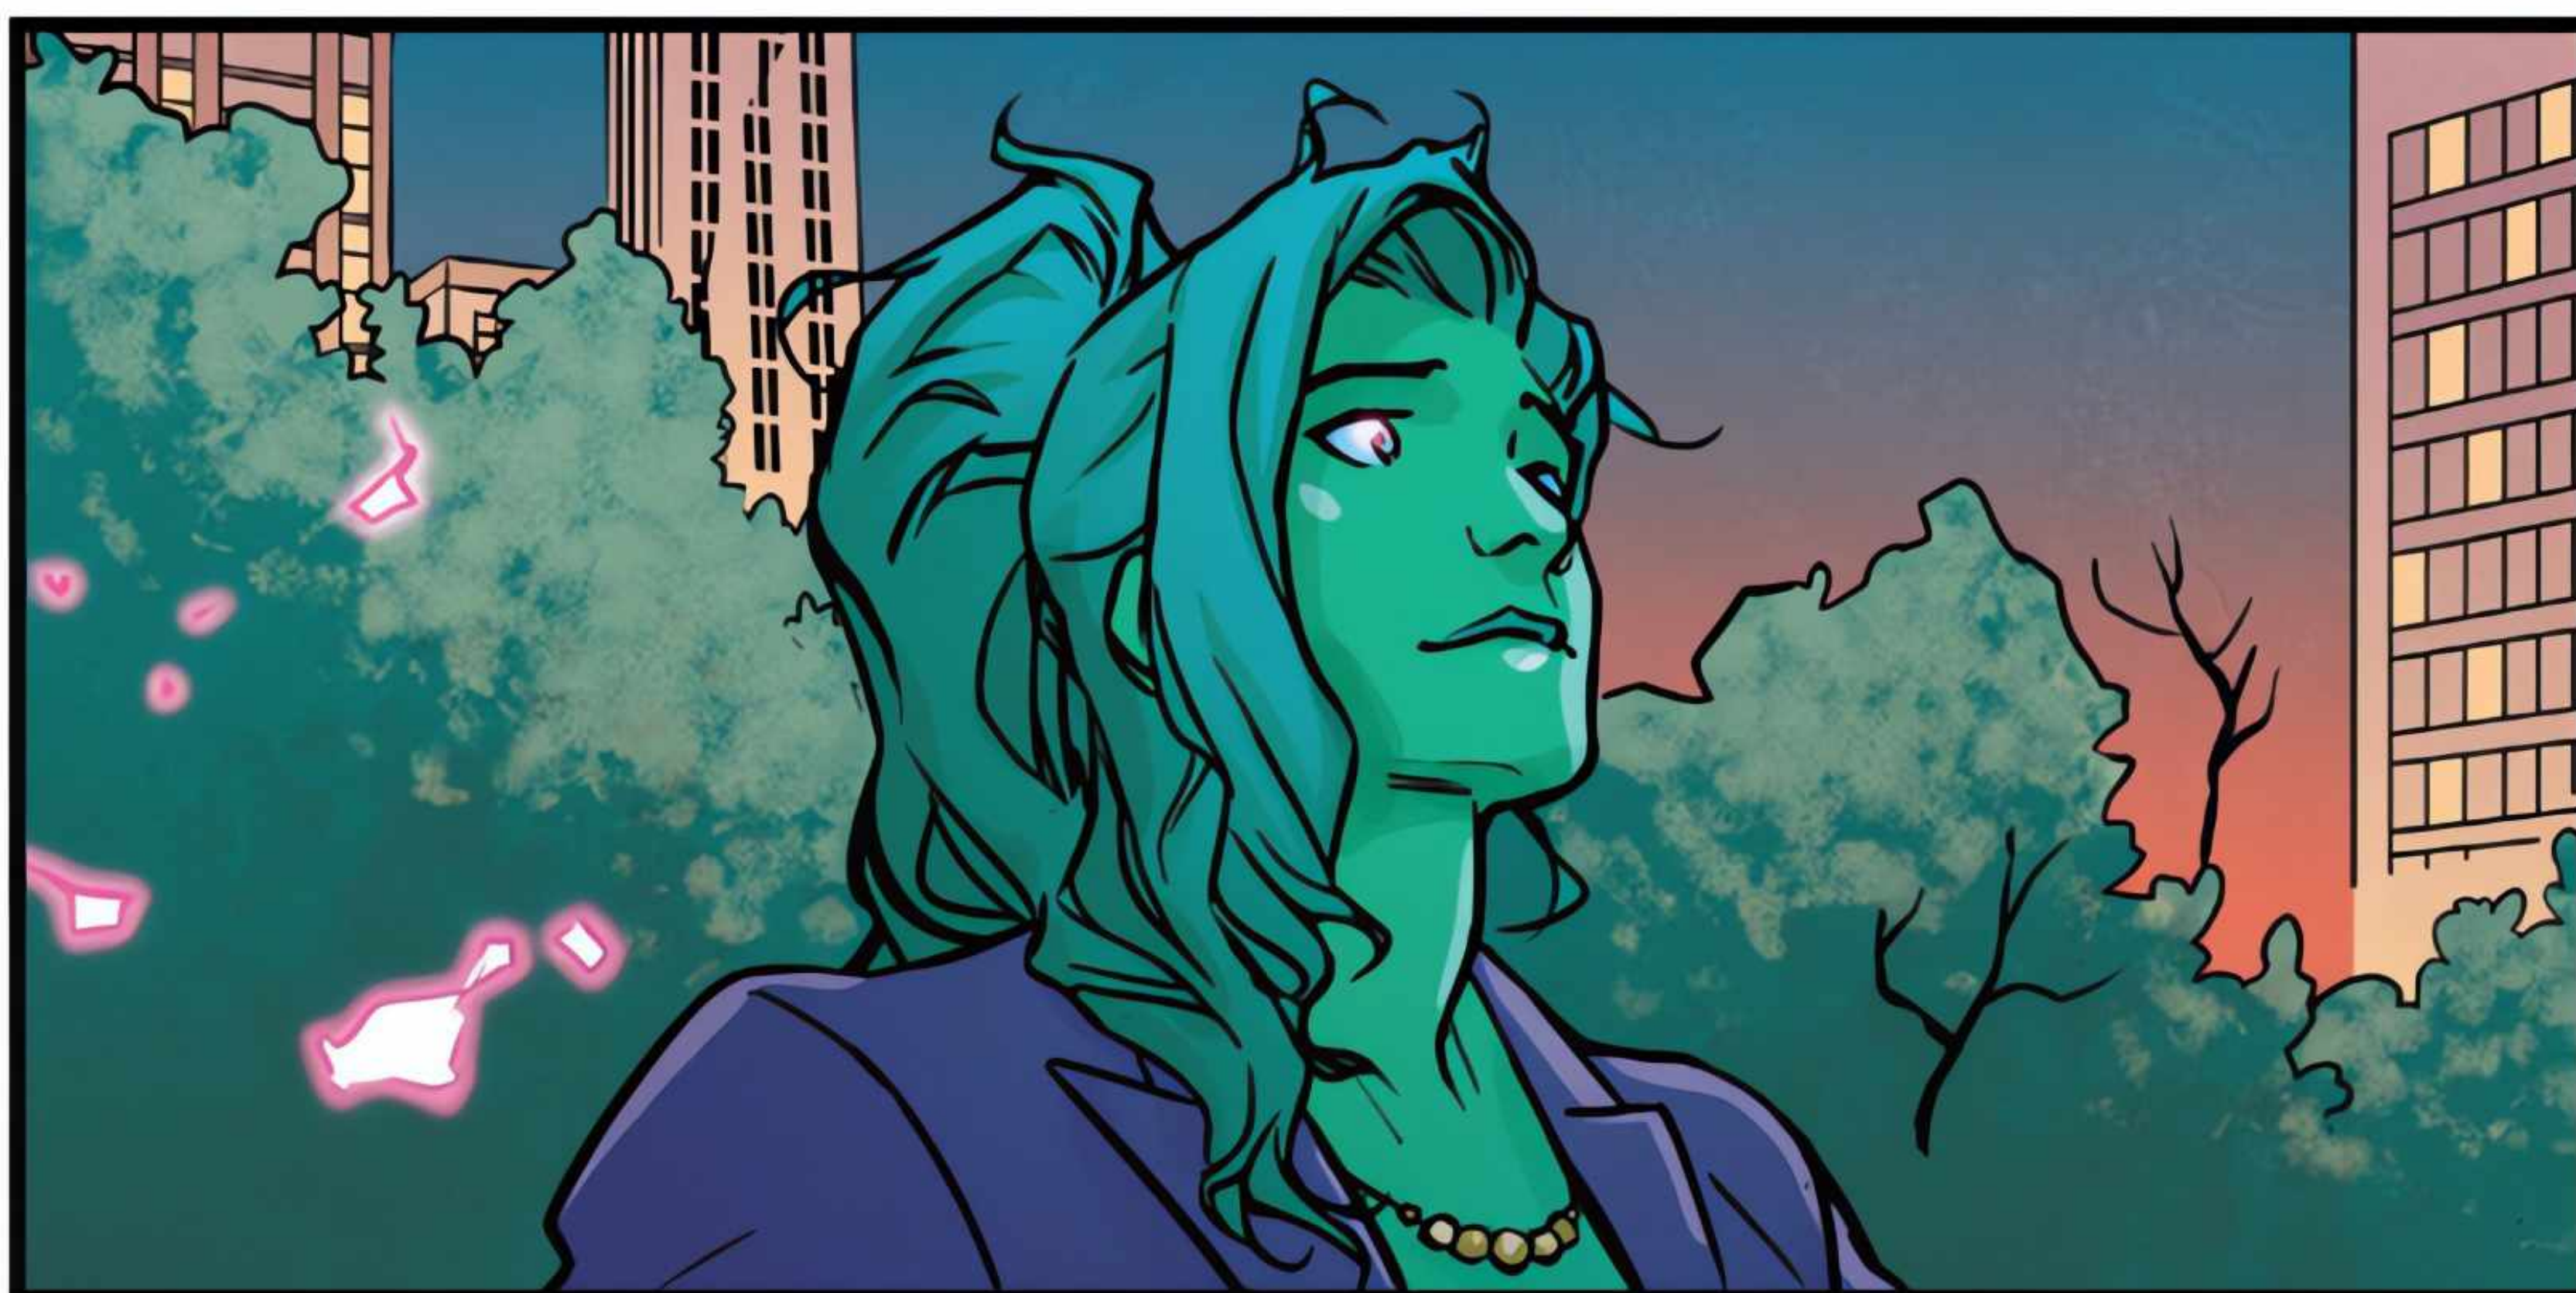

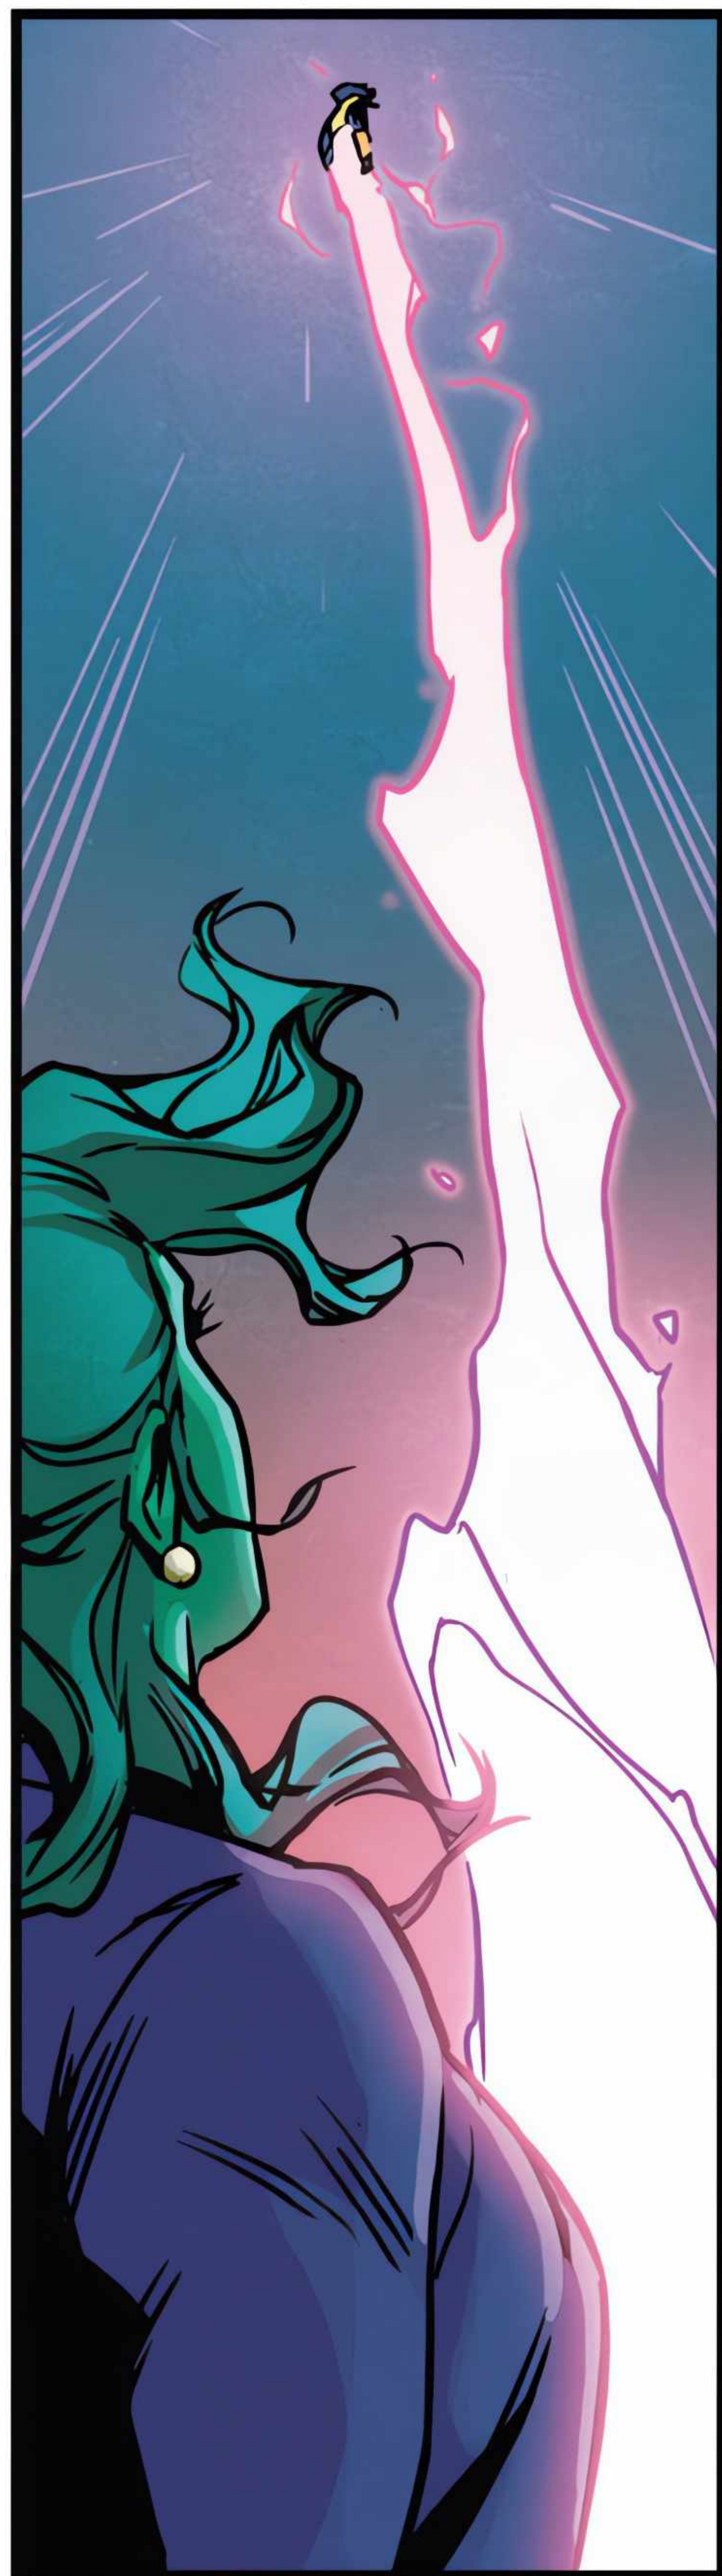

No, I mean-- I don't think I could absorb a single wave.

Okay...

Let me...

Anyone else crying happy tears out there? Lucky editor Nick Lowe here! I know we all love She-Hulk (I mean, she's in stiff competition with Spider-Man for best character at Marvel, right?), but did you know that you loved Jack of Hearts too? **YOU DO!** Maybe I'm projecting here, but I don't think so! What Rainbow (along with Rogê, Luca, Takeshi, and now Andrés) has done with this series has made it such a joy to work on and read, and it's unlike any other comic that Marvel or anyone else publishes. **Punching! Laughing! Kissing! WHAT ELSE COULD YOU WANT?! NOTHING!**

Luckily, you can keep on wanting it **AND** getting it! We are taking a month off and

relaunching as **SENSATIONAL SHE-HULK!!!** You may have already seen the news online, but if not, Rainbow and Andrés are launching a new She-Hulk series that's a great jumping-on point (**TELL ALL YOUR FRIENDS**) with a surprise last-page guest star for the first story arc and **ALL KINDS OF AWESOMENESS!!!** We have a **TON** of tricks up our sleeves and can't wait to share them with you so you can do the *Home Alone* face and scream, **"HOW DID THEY DO THAT?!"**

Gotta jump through the wall and make some more comics!

PUNCH CLUB 4-EVA!
